Good morning,

I was hoping to talk to somebody in the council about selling pizza's from a converted van, once a week, in Prudhoe.

I am in the process of setting up a wood-fired pizza van, that will roam around Northumberland, trading in different Towns and Villages on a weekly basis. We are hoping to trade between the hours of 5-9pm, although will take councillors suggestions on board before applying for any pitches.

We have identified the Glade Area on Front St as a potential locations to trade from. Do you think this is something that is plausible from the councils perspective?

If you would like any further info, please get back in touch.

I look forward to hearing from you soon,

Kind Regards,

Hi Sarah

We have a umbrella street trading licence which would cover the trading by the pizza van for the hours requested on the market place (The Glade) Monday to Sunday. However as they wish to trade regularly each week we would usually ask for the town council's opinion. Other areas would come under the authority of NCC's licensing service.

If the town council was not supportive we would say no to this particular request.

However if the town council were supportive we could give permission for a set period of time to enable a trial of the service to take place.

There was no specific day requested so presumably we could discuss/stipulate with the business.

How would you like me to take this forward?

Thanks

Dear Ross

Sorry for the delay in getting back to you regarding your request for a pizza oven in the Glade.

The opinion of the Town Council was expected to be sought at our meeting on 28th February but unfortunately, the agenda is full with other business so this will be delayed until the March meeting.

Sorry if this causes you any inconvenience, I will get back to you and the Markets Manager at NCC as soon as I am able.

Kind regards, Sarah Eden
