

**County Councillor Capital Small Schemes Funding
Town Signs**

County Councillor Gordon Stewart and County Councillor Ken Stow have had x3 temporary signs placed at the following entrances to the town:

- travelling from Mickley on the by-pass, more or less opposite the sign on the B6395.
- travelling from Gateshead on the by-pass, before the roundabout and business park.
- Hagg Bank approaching West Wylam, in the vicinity of the border, in the dip.

There is also scope for another on Moor Road due to the financial thresholds of Small Schemes funding or the potential for planters at the signs.

Gordon and Ken are seeking to fund the signs and would welcome comments, having already discussed the detail with Highways.

The signs they have talked about are similar to those at Stocksfield and Mickley.
