

## **Appendix 2: HMNB Clyde Update, supplied by Ms Nyree Stalker**

### **Mackenzie Estate-Maisonette Demolition**

Programme remains on track. Company progress meeting scheduled for 11/12/2019. Any updates falling out of this meeting will be briefed verbally at the community council meeting. Company details below

JCJ (Demolition & Construction Ltd)  
30 Nisbet Street  
Glasgow  
G31 5ES

Tel: 0141-554-2758

E-Mail: [info@jcj-group.co.uk](mailto:info@jcj-group.co.uk)

### **Future Accommodation Model (FAM)**

Still in the early stages, interest remains relatively low, with 3 people buying in the local area and 3 people renting, 2 locally and 1 in Glasgow.

### **Clyde Accommodation Project (CAP)**

CAP continues to investigate short and medium-term opportunities for Service Personnel to be accommodated offsite and for opportunities to potentially relocate office-based activities into the local area. Discussions are ongoing with local authorities develop possible options.

### **Mackenzie Estate and St Andrew's Sites**

There has been no further discussion on the long-term future of either of these sites to the best of my knowledge.

### **Traffic Management**

There was 1 traffic delay incident in November caused by a mechanical failure of the North Gate. This was a one off and is not expected to be repeated. HMNB Clyde would like to apologise for any inconvenience caused.

I am unaware of any further reports of traffic congestion around either the Southern Approach Road or the area around North Gate. If this is not the case, then please advise.

### **Christmas Tree**

We are pleased to provide the Rhu and Shandon Community Christmas Tree this year and wish everyone a Merry Christmas!
