12<sup>th</sup> December 2017

Dear Parent / Carer,

We are pleased to provide you with the list of improvement priorities which we will be working together to develop over the next year. We have made progress in many of the priorities and hopefully you will become more aware of these as the Nursery session progresses. The staff team will be working hard to ensure these priorities are met, through parental involvement in focus groups and working together with you. All our priorities are closely linked to "Our Children Their Future", the Education Vision and Strategy.

We will keep you informed of any changes we make to the curriculum plan and the way we present and report on your child's progress. It is important we work closely with you to ensure your child is well supported.

We would like to thank you for your ongoing support over recent months with the disruption during the upgrade to our nursery provision. We look forward to its completion scheduled for March 2018.

We look forward to continuing to support the Nursery to move forward. If you have any queries or questions regarding the Improvement Plan then please contact us at the Nursery.

Yours sincerely

*Maureen Clark*
