

The headlines after initial analysis of the raw data are:-

- Over 90% of respondents have lived in Creton for more than 5 years
- Between 80 and 90% of respondents value the Primary School, Post-Office, Village Store and Playing Field as “Very Important”
- The majority of respondents use the Village Store and Post Office regularly
- Over 80% of respondents feel there should be some more affordable housing in the village – although some felt that this should not necessarily be housing association – just more modest housing.
- 93% felt that a Neighbourhood Plan was a good idea
- 56 % felt site 1 was the most appropriate site and 44% opted for site 2, although in Q8 43% felt that site was “very suitable” and 50% felt that site 2 was quite suitable – so it would appear that residents would not be averse to either site.
