

Dear All,

You may have heard me speak of a Pastoral System that has been desired within the Parish. It is now well under way. Many people have been contacted with a view to making contact with a small group of people on a regular basis. The principle is to make everyone feel valued and an important part of the Body of Christ here in the Parish of Neston. This has been developed from the Electoral Roll of the Parish but is not restricted to those who are on the Electoral Roll.

It has been recognised that many small and larger groups already have particularly good contact systems in place. So, it may well be that the contact is from someone you already have regular contact with. There is little point in re-inventing the wheel. However, the overall system will acknowledge this, so it is easy to see who is in regular contact with who.

Hopefully, you will have been contacted by someone from the Church over the last couple of weeks, if not then you should be in the coming weeks. If no contact is made please let Lesley, our Pastoral Worker know. It may be that we do not have up-to-date contact details. As with any new system there may be teething problems. I ask that we are all gracious, helpful and constructive so that we can develop a system that can hold us in good stead for the future.

In tandem with the Pastoral System if any pastoral need requires attention from the Ministry Team please do speak to your usual contact for the service / church you attend. Also see the following as key contacts for Pastoral Care.

Yours In Christ,

Alan
