

ST MARY & ST HELEN Church

Parish of Neston in the Diocese of Chester

West Boundary Wall Repair

CONFIRMED DATE

The graveyard west boundary wall has become unstable and in order for the scheduled repair work to be carried out, it is deeply regrettable that a number of buried and cremated remains are required to be exhumed and some headstones may be dismantled-

This work will be done under the supervision of an appointed Architect, Contractor appointed by Cheshire West & Chester and all under strictest Diocesan Guidelines.

The exhumed remains will be securely stored on site until repair work is completed. The remains will then be sympathetically and professionally re-interred again under strict Diocesan guidelines.

Due to unforeseen circumstances work will now commence

8th OCTOBER 2026

Families involved requiring further information, are invited in the first place to contact :

The Vicar

Fr Kevin Crinks AG V- 0151 353 1000
