

Tigh Na Allan  
Meadows Park Road,  
Dornoch W25 TB  
6.4.21

Dear Provost,

Trees in Dornoch, one of the joys of old Dornoch are the splendid mature trees that help to enhance the town. During my spell I planted eleven trees in Dornoch Square, which, I am sure you will agree are starting to take effect. However trees are not being planted in our new housing areas, particularly in Deans Court and I am ashamed to say Allan Gardens. I should be most grateful if Dornoch Community Council would insist that tree planting is carried out so that new housing areas will become leafy suburbs rather than stark, ugly new housing.

Yours sincerely,

Duncan Allan.
