

WEST BEACH CAR PARK

TEMPORARY PARTIAL/FULL CLOSURE FOR IMPROVEMENT WORKS

The Findhorn Village Conservation Company is delighted to announce that work to carry out improvements to the West Beach Car Park will start on **MONDAY 1st FEBRUARY 2021.**

TFVCC are pleased to advise that funding has been secured from Highland and Islands Enterprise's (HIE) Community Led Tourism Fund to carry out works required at the West Beach Car Park for the motorhome stopover area and car park. Initially our groundworks contractor will be reinstating overgrown areas in the car park, to ensure we are maximising the parking spaces we have.

There will be times when the car park will need to be closed, partially or fully to ensure safe working. The work is scheduled to be completed by the end of March 2021 prior to the start of the tourist season.
