

HOW TO BE A

CONSIDERATE CAMPER

Choose the right CAMP SPOT

Away from farms, houses or other buildings
Plenty of distance from other campers
Near fresh water or take water from home

Camp with CARE

Use a camp stove to cook, not a fire
Never cut or damage trees to make a fire
Enjoy the peace and quiet!

Litter and WASTE

Go to the loo well away from water or buildings
Bury your poo or bag it and carry it out
Collect all your litter and #TakItHame
