FIGURE 2A VIEWPOINT 1 - INVERARNIE PLAYING FIELDS Distance to nearest turbine 2.17km: Camera Canon EOS SD: Focal length 50mm: Camera height 1.5m: Date 15/02/15: Time 11.40
This image when printed at A3 size and held at a comfortable arms length (approx 500mm) is representative of the maximum field of view of clear vision but is not representative of scale or distance

FIGURE 2B - INVERARNIE PLAYING FIELDS Distance to nearest turbine 2.17km: Camera Canon EOS 5D: Focal length 75mm: Camera height 1.5m: Date 15/02/15: Time 11.40
This image printed at A3 size and held at a comfortable arms length (approx 500mm) gives a reasonable representation of the scale of the turbines

FIGURE 3A VIEWPOINT 2 - TORDARROCH

Distance to nearest turbine 2.18km: Camera Canon EOS 5D: Focal length 50 mm: Camera height 1.5m: Date 15/02/15: Time 12.00

This image viewed at a comfortable arms length is representative of the maximum field of view of clear vision but is not representative of scale or distance

FIGURE 3B VIEWPOINT 2 - TORDARROCH Distance to nearest turbine 2.18km: Camera Canon EOS 5D: Focal length 75mm: Date 15/02/15: Time 12.00
This image printed at A3 size and held at a comfortable arms length gives a reasonable representation of the scale of the turbines
