### **Coastal Regeneration Alliance Presentation**

We welcomed the group who came and explained how they started and are evolving through the community concern about the Cockenzie Energy Park proposal. With the lack of information about the proposal the group have been looking at all available public documents and reports.

We were happy for the group to keep us informed of their developments along the way.

### **Police Report**

70 recorded crimes 22 solved 48 ongoing

Antisocial behaviour issues and parking are priorities for the area.

There was a Friday night focus on youths

Smart water which has been mentioned in the press can be purchased from the police to give added protection to personal belongings.

## **Matters Arising**

### **Cemetery**

Concerns were raised about the condition of the cemetery by members of the public at the meeting, in writing and by community councillors.

Willie Innes stated that he had seen the cemetery for himself and agreed it was not in a good state. Since his visit, the council have deployed staff to get it up to an acceptable level.

A member of the public stated that people in the community are more than willing to weed and help, and suggested setting up a group like friends of the cemetery group.

It was agreed that Zoe would put out a plea of interest.
