Please return this form no later than March 18th 2019

EXPLANATION OF MINOR OPTIONS :

Rural Skills: This is a land based course which will be delivered mainly outdoors in a practical setting .

Digital technology: This course is designed to further develop digital awareness and computer science skills such as coding and digital media. Progression route for further study would be the distance learning course Nat 5 Computing Science available in S6.

Media Skills: In the Media Skills class you will be working as part of a team, contribute to creating, publishing and distributing the TRA School Magazine using a variety of IT, for example Photoshop and Publisher, and photography. Progression route would be through Art and Design in S4.

Making and Baking: This course is designed to further develop planning, preparation and cooking skills. Progression route would be through Hospitality in S4.
