Dr Jean Graham a candidate in the By Elections came to the meeting to gain an overview of the Community Council and local issues/residents concerns.

Mr Donald Campbell addressed the meeting highlighting his concerns regarding various traffic issues on Station Road, the entrances to the filling station and Co-OP. Mr Campbell's main concerns were the speed traffic travels through the village, the safety of local children walking to and from school and the placement of the proposed level crossing.

Mr Gil Graham, Neil Boyle and Jo... attended to ask the Community Council for help and advice regarding a Dangerous Dog issue. There have been various incidents where a local man's dog a Japanese Akita has attacked other dogs, their concerns were regarding the lack of control the owner has over the dog and the perceived lack of police response to these incidents. - **Action** Maratena Coleman will pass all the issues raised to the local police.

Mrs Yvonne Ross was representing the local Beaulieu Football Club, they have applied for planning permission to put up a portacabin in Braeview Car Park to store equipment etc, this would be on a temporary basis of 5 years. Mrs Ross was unsure if the land belonged to Highland Council or Lovat Estate, she was given Mr Iain Shepherds contact details from Lovat Estate and Tony Boyland attended Braeview Park with Mrs Ross to discuss possible sites.
