

The Great Weare Village Christmas Lights Switch On!

To take part

- ★ Be ready at **6pm sharp on Saturday 5th December** to shout out a count-down from your front door. (You'll hear coordinators across the village who will start us off counting backwards from 20*)
- ★ When we all shout zero **turn on your Christmas lights** and/or **window decorations!**
- ★ If you like, put on your bobble hat and **wander through** the **village**, with your optional **festive drink** and **snack** in hand, to admire the lights and decorations

- ★ **We'll need a few folk dotted across the village who are happy to start their neighbours off with the count. I'll coordinate us via a WhatsApp - the aim is to try and all start at the same time! Please let me know if you're happy to help coordinate ☺*
- ★ For us all to safely enjoy all of the magic the village, we'll need to exercise our responsibility at all times. Please watch yourselves in any one spot! Thanks for your understanding
