

Health Day 2014

The day started early with a fun run through the village, the Sports Relief Mile, which everybody took part in. After everybody was cooled off the bake off took place! Cakes brought in by pupils, beautifully decorated and tasting fantastic,

were judged by an expert panel hungry teachers. The winners were Kathleen Robertson and Kay Christian who sold their cakes in aid of Sports Relief. After that people broke off into different group activities, including; baking, photography, rock group, volleyball, handball, a dance off and chai tea making. To round off a fantastic day, we had an inter-house rounders competition.

In total we raised £374 so far for Sports Relief!
