Data Protection policy

Overview

Key details

- Policy prepared by: Veronica Hutchby - Chairman
- Approved by Board/committee on 13th September 2018
- Next review date: 01/06/2020

Introduction

In order to operate, King's Lynn Festival Chorus (KLFC) needs to gather, store and use certain forms of information about individuals.

These can include members, employees, contractors, suppliers, volunteers, audiences and potential audiences, business contacts and other people the group has a relationship with or regularly needs to contact.

This policy explains how this data should be collected, stored and used in order to meet KLFC data protection standards and comply with the General Data Protection Regulations (GDPR).

Why is this policy important?

This policy ensures that KLFC:

- Protects the rights of our members, volunteers and supporters
- Complies with data protection law and follows good practice
- Protects the group from the risks of a data breach

Roles and responsibilities

Who and what does this policy apply to?

This applies to *all* those handling data on behalf of KLFC e.g.:

- Committee members
- Employees and volunteers
- Members
- Contractors/3rd-party suppliers

It applies to all data that KLFC holds relating to individuals, including:

- Names
- Email addresses
- Postal addresses
- Phone numbers
- Any other personal information held (e.g. financial)

Roles and responsibilities

KLFC is the Data Controller and will determine what data is collected and how it is used. They, together with the trustees, are responsible for the secure, fair and transparent collection and use of data by KLFC. Any questions relating to the collection or use of data should be directed to the Secretary.

Everyone who has access to data as part of KLFC has a responsibility to ensure that they adhere to this policy.

KLFC uses third party Data Processors (Google Drive) to process data on its behalf. KLFC will ensure all Data Processors are compliant with GDPR.

Data protection principles

a) We fairly and lawfully process personal data in a transparent way

KLFC will only collect data where lawful and where it is necessary for the legitimate purposes of the group.

- A member's name and contact details will be collected when they first join KLFC, and will be used to contact the member regarding group membership administration and activities. Other data may also subsequently be collected in relation to their membership, including their payment history for 'subs'. Where possible KLFC will anonymise this data
 - Lawful basis for processing this data: Contract (the collection and use of data is fair and reasonable in relation to KLFC completing tasks expected as part of the individual's membership).
- The name and contact details of volunteers, employees and contractors will be collected when they take up a position, and will be used to contact them regarding group administration related to their role.

Further information, including personal financial information and criminal records information may also be collected in specific circumstances where lawful and

necessary (in order to process payment to the person or in order to carry out a DBS check).

- Lawful basis for processing this data: Contract (the collection and use of data is fair and reasonable in relation to KLFC completing tasks expected as part of working with the individuals),
- An individual's name and contact details will be collected when they make a booking for an event. This will be used to contact them about their booking and to allow them entry to the event.
 - Lawful basis for processing this data: Contract (the collection and use of data is fair and reasonable in relation to KLFC completing tasks expected as part of the booking),
- An individual's name, contact details and other details may be collected at any time (including when booking tickets or at an event), with their consent, in order for KLFC to communicate with them about and promote group activities. See 'How we get consent' below.
 - Lawful basis for processing this data: Consent (see 'How we get consent')
- Pseudonymous or anonymous data (including behavioural, technological and geographical/regional) on an individual may be collected via tracking 'cookies' when they access our website or interact with our emails, in order for us to monitor and improve our effectiveness on these channels. See 'Cookies on the KLFC website' below.
 - Lawful basis for processing this data: Consent (see 'How we get consent')

b) We only collect and use personal data for specific, explicit and legitimate purposes and will only use the data for those specified purposes.

When collecting data, KLFC will always provide a clear and specific privacy statement explaining to the subject why the data is required and what it will be used for.

c) We ensure any data collected is relevant and not excessive

KLFC will not collect or store more data than the minimum information required for its intended purpose.

E.g. we need to collect telephone numbers from members in order to be able to contact them about group administration, but data on their marital status or sexuality will not be collected, since it is unnecessary and excessive for the purposes of group administration.

d) We ensure data is accurate and up-to-date

KLFC will ask members, volunteers and staff to check and update their data on an annual basis. Any individual will be able to update their data at any point by contacting the secretary.

e) We ensure data is not kept longer than necessary

KLFC will keep records for no longer than is necessary in order to meet the intended use for which it was gathered (unless there is a legal requirement to keep records).

The storage and intended use of data will be reviewed in line with KLFC data retention policy. When the intended use is no longer applicable (e.g. contact details for a member who has left the group), the data will be deleted within a reasonable period.

f) We keep personal data secure

KLFC will ensure that data held by us is kept secure.

- Electronically-held data will be held within a password-protected and secure environment
- Passwords for electronic data files will be re-set each time an individual with data access leaves their role/position
- Physically-held data (e.g. membership forms or email sign-up sheets) will be stored securely
- Access to data will only be given to relevant trustees/committee members/contractors where it is clearly necessary for the running of the group. The committee will decide in what situations this is applicable and will keep a master list of who has access to data

g) Transfer to countries outside the EEA

KLFC will not transfer data to countries outside the European Economic Area (EEA), unless the country has adequate protection for the individual's data privacy rights.

Individual Rights

When KLFC collects, holds and uses an individual's personal data that individual has the following rights over that data. KLFC will ensure its data processes comply with those rights and will make all reasonable efforts to fulfil requests from an individual in relation to those rights.

Individual's rights

- *Right to be informed:* whenever KLFC collects data it will provide a clear and specific privacy statement explaining why it is being collected and how it will be used.
- *Right of access:* individuals can request to see the data KLFC holds on them and confirmation of how it is being used. Requests should be made in writing to the Data Protection Officer and will be complied with free of charge and within one month. Where requests are complex or numerous this may be extended to two months
- *Right to rectification:* individuals can request that their data be updated where it is inaccurate or incomplete. KLFC will request that members, staff and contractors check and update their data on an annual basis. Any requests for data to be updated will be processed within one month.

- *Right to object*: individuals can object to their data being used for a particular purpose. KLFC will always provide a way for an individual to withdraw consent in all marketing communications. Where we receive a request to stop using data we will comply unless we have a lawful reason to use the data for legitimate interests or contractual obligation.
- *Right to erasure*: individuals can request for all data held on them to be deleted. KLFC data retention policy will ensure data is not held for longer than is reasonably necessary in relation to the purpose it was originally collected. If a request for deletion is made we will comply with the request unless:
 - There is a lawful reason to keep and use the data for legitimate interests or contractual obligation.
 - There is a legal requirement to keep the data.
- *Right to restrict processing*: individuals can request that their personal data be 'restricted' – that is, retained and stored but not processed further (e.g. if they have contested the accuracy of any of their data, KLFC will restrict the data while it is verified).

Though unlikely to apply to the data processed by KLFC we will also ensure that rights related to portability and automated decision making (including profiling) are complied with where appropriate.

Member-to-member contact

We only share members' data with other members with the subject's prior consent

As a membership organisation KLFC encourages communication between members.

To facilitate this:

- Members can request the personal contact data of other members in writing via the Membership Secretary. These details will be given, as long as they are for the purposes of contacting the subject (e.g. an email address, not financial or health data) and the subject has consented to their data being shared with other members in this way

How we get consent

KLFC may regularly collect data from consenting supporters for marketing purposes. This includes contacting them to promote performances, updating them about group news, fundraising and other group activities.

Any time data is collected for this purpose, we will provide:

- A method for users to show their positive and active consent to receive these communications (e.g. a 'tick box')

- A clear and specific explanation of what the data will be used for (e.g. ‘Tick this box if you would like KLFC to send you email updates with details about our forthcoming events, fundraising activities and opportunities to get involved’)

Data collected will only ever be used in the way described and consented to (e.g. we will not use email data in order to market 3rd-party products unless this has been explicitly consented to).

Every marketing communication will contain a method through which a recipient can withdraw their consent (e.g. an ‘unsubscribe’ link in an email). Opt-out requests such as this will be processed within 14 days.

Cookies on the KLFC website

A cookie is a small text file that is downloaded onto ‘terminal equipment’ (e.g. a computer or smartphone) when the user accesses a website. It allows the website to recognise that user’s device and store some information about the user’s preferences or past actions.

KLFC uses cookies on our website www.kingslynnfestivalchorus.co.uk in order to monitor and record their activity. This allows us to improve users’ experience of our website by, for example, allowing for a ‘logged in’ state, and by giving us useful insight into how users as a whole are engaging with the website.

We implement a pop-up box on www.kingslynnfestivalchorus.co.uk that activates each new time a user visits the website. This allows them to click to consent (or not) to continuing with cookies enabled, or to ignore the message and continue browsing (i.e. give their implied consent).

It will also include a link to our Privacy Policy, which outlines which specific cookies are used and how cookies can be disabled in the most common browsers.

If a data breach is suspected

A personal data breach means a breach of security leading to the accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data. This includes breaches that are the result of both accidental and deliberate causes. It also means that a breach is more than just about losing personal data.

If a breach is suspected, it should be reported to a KLFC trustee so the potential adverse consequences for individuals can be assessed, based on how serious or substantial these are, and how likely they are to happen.

Personal data breaches can include

- Access by an unauthorised third party
- Sending personal data to an incorrect recipient
- Computing devices containing personal data being lost or stolen

- Alteration of available data without permission
- Loss of availability of personal data

If a security incident takes place, the KLFC trustees must establish whether a personal data breach has occurred and, if so, promptly take steps to address it, including telling the Information Commissioners Office (ICO) if required. See www.ico.org.uk for more information and contact details. A notifiable breach must be reported to the ICO without undue delay but not later than 72 hours after becoming aware of it.

If the breach is not considered to severely risk individual's rights and freedoms then the decision may be made not to report it to the ICO. If this is the case, the decision should be justified and documented.

Data retention policy

Overview

Introduction

This policy sets out how KLFC will approach data retention and establishes processes to ensure we do not hold data for longer than is necessary.

It forms part of KLFC Data Protection Policy.

Roles and responsibilities

KLFC is the Data Controller and will determine what data is collected, retained and how it is used. The trustees are responsible for the secure and fair retention and use of data by KLFC. Any questions relating to data retention or use of data should be directed to the Secretary.

Regular Data Review

A regular review of all data will take place to establish if KLFC still has good reason to keep and use the data held at the time of the review.

As a general rule a data review will be held every 2 years and no more than 27 calendar months after the last review. The first review took place on 21 June 2018

Data to be reviewed

- KLFC data on digital documents (e.g. spreadsheets) stored on personal devices held by committee members.

- Data stored on third party online services - Google Drive
- Physical data stored at the homes of committee members

Who the review will be conducted by

The review will be conducted by committee members to be decided on at the time of the review.

How data will be deleted

- Physical data will be destroyed safely and securely, including shredding.
- All reasonable and practical efforts will be made to remove data stored digitally.
 - Priority will be given to any instances where data is stored in active lists (e.g. where it could be used) and to sensitive data.
 - Where deleting the data would mean deleting other data that we have a valid lawful reason to keep (e.g. on old emails) then the data may be retained safely and securely but not used.

Criteria

The following criteria will be used to make a decision about what data to keep and what to delete.

Question	Action	
	Yes	No
Is the data stored securely?	No action necessary	Update storage protocol in line with Data Protection policy
Does the original reason for having the data still apply?	Continue to use	Delete or remove data
Is the data being used for its original intention?	Continue to use	Either delete/remove or record lawful basis for use and get consent if necessary
Is there a statutory requirement to keep the data?	Keep the data at least until the statutory minimum no longer applies	Delete or remove the data unless we have reason to keep the data under other criteria.
Is the data accurate?	Continue to use	Ask the subject to confirm/update details
Where appropriate do we have consent to use the data. This consent could be implied by previous use and engagement by the individual	Continue to use	Get consent
Can the data be anonymised	Anonymise data	Continue to use

Statutory Requirements

Date stored by KLFC may be retained based on statutory requirements for storing data other than data protection regulations. This might include but is not limited to:

- Gift Aid declarations records
- Details of payments made and received (e.g. in bank statements and accounting records)
- Trustee meeting minutes
