

NOTES-

All works to comply with the Building Standards (Scotland) ammendment regulations 2007, all construction to be to the satisfaction of the local building standards officer.

Works to fully comply with current CDM Regulations.

Before works begin an asbestos survey to be undertaken to ascertain if there is any asbestos present within the building.

All works/components/materials etc. not otherwise specified shall be in accordance with the current Health and Safety, Codes of Practice and the relevant British Standards.

Verify all dimensions on site, any discrepancies found to be brought to the attention of the supervising officer prior to installation/fixing. Do not scale off the drawings.

Drawings are to be read in conjunction with the relevant structural engineers drawings.

C: August 13 Amended number of solar panels & disabled parking space. Added soakaway detail.
