### New Shapinsay Surgery GP Clinic Times

We would like to inform you of changes we are making to the Shapinsay Surgery GP clinic times. For a 2 month trial we will be increasing the number of appointments available.

The clinics will be held on a Monday 15.00 – 18.30 and Thursday 9.00 – 12.00 instead of a Monday, Wednesday and Friday. This change is due to maternity leave and unforeseen staff illness. Unfortunately, due to a nationwide GP shortage, we have been unable to recruit a Locum to cover Dr Tyson's maternity leave until September.

The trial will therefore commence from 10<sup>th</sup> July 2017 and continue until review in September. A Nurse Practitioner will be available every day, as normal.

The administration hours will also be changing as follows:

Mon: 15.00 – 18.30

Tue: 12.15 – 14.45

Thu: 9.00 – 13.00

Fri: 12.15 – 13.15

During this time we will welcome feedback and there will be a comments box in the Shapinsay Surgery waiting room which is checked regularly.

We hope you understand why we have had to make these changes and we thank you for your patience during this time.

In September we will consider all of your comments and review the changes to see if they have been successful.
