

ST ANDREWS AND DEERNESS COMMUNITY COUNCIL

MAINTENANCE OF HALL OF TANKERNESS KIRKYARD

For the Period APRIL – OCTOBER 2026,2027 and 2028

DESCRIPTION OF WORK, GENERAL CONDITIONS AND OBLIGATIONS

1 The Hall of Tankerness Kirkyard grass extending to an area of approximately 0.20 acres requires to be cut and gathered 2 times as follows:-

2 The grass area as described must be kept tidy and well maintained. Each grass cutting operation must include strimming where necessary. At all times the work will be executed to the satisfaction of the Community Council. Any defective work must be remedied within 5 working days at the Contractor's own expense.

3 The Community Council, in exceptional circumstances, may request additional cuts to be undertaken during the contract period at the rate detailed on the Tender document.

4 All litter, stones and other debris must be removed from the site by the Contractor prior to grass mowing. Moveable obstructions such as glass globes should be carefully set aside during grass cutting operations and reinstated on completion of the work. Withered wreaths can be removed after one month. Artificial flowers or ornamental mementoes should be left, providing they are securely in place, but for ease of maintenance and grass cutting, those adornments could be placed at the concrete plinth/headstone base.

5 Grass cuttings and debris must be removed from the site and disposed of appropriately.

6 The Contractor will ensure that all current health and safety regulations are complied with. Contractors are reminded of their duty to carry out their work in such a way that persons not in their employment (including members of the general public) are not subjected to any health or safety risk.

7 Contractors should note that machinery and fuel will not be provided by the Community Council.

8 Contractors should note that the Community Council has Public Liability insurance **only**. This insurance would cover any claim from a member of the public, which may result from kirkyard maintenance operations.

Contractors should ensure that they arrange their own insurance to cover risks to themselves, staff, sub-contractors and their equipment.

9 Payment for the work will become due on production of invoices, made out to Orkney Islands Council.

10 The contract shall be for a three-year period and can be terminated on one month's notice by either party.

11 The Community Council reserves the right to withhold part of payment if work is not carried out to the reasonable satisfaction of the Community Council.

ST ANDREWS AND DEERNESS COMMUNITY COUNCIL

MAINTENANCE OF HALL OF TANKERNESS KIRKYARD

For a Period of Three Years – 2026, 2027 and 2028
