What is orkneycommunities.co.uk?

orkneycommunities.co.uk exists to encourage and enable community groups in Orkney to use the internet to share information, attract and inform members and organise and publicise events in a straightforward, useful and attractive manner.

orkneycommunities.co.uk provides an interesting and up to date source of community news and events. A wealth of information is held in the online community directory and picture gallery. Submitted articles, pictures and comments will contribute to a vibrant community website for Orkney with additional information on local news and events provided by local press, Radio Orkney and orkneycommunities.co.uk members themselves.

Information about community planning plus the opportunity to add your comments on community planning issues that affect you or your community can be found on www.orkneycommunities.co.uk/community_planning. Also check www.orkneycommunities.co.uk/plus for information about the website and its development.

orkneycommunities.co.uk

For community groups looking for a cost effective web presence, orkneycommunities.co.uk is the answer.

orkneycommunities.co.uk can provide a new website for your group or a link to your existing website. orkneycommunities.co.uk websites have recently been upgraded to make them even more user friendly, provide a news page and an events diary that link directly to the portal front page, as well as a host of other useful features that allow you to contact your membership. Your website will cost you just £45 per year. It will be set up for you and training will be provided to enable you to update the site with minimum effort, even if you have no previous experience. In addition you will receive a free training CD.
