

IMPROVING WHITEINCH

Whiteinch Community Council is planning to apply for funding to improve the local area by creating colourful murals in the underpasses at the start of the Nature Walk and at the Library.

The finished project will have high-quality urban-street art to improve the appearance and the use made of the underpass by the community.

This will involve working with local residents, including children and young people, to discuss themes and designs for the decoration. The local community will also be involved in the actual painting of the underpasses.

Do you agree that this upgrade is needed
