Geomorphology

Alexander Robertson

A dramatic landscape photograph featuring a dark, stormy sky with heavy, dark clouds. A bright light source, likely the sun, is visible behind a mountain peak on the right, creating a strong backlighting effect. In the foreground, a small, white, single-story building with a red roof is visible. The overall mood is dramatic and atmospheric.

Livestock

Seed Production

A landscape photograph showing a mountain range under a clear blue sky. The mountains are covered in patches of snow and have a rocky, layered appearance. In the foreground, there is a dense forest of trees with autumn foliage in shades of yellow, orange, and green. The word "Forestry" is overlaid in a large, yellow, serif font at the bottom center of the image.
