CUBERT VILLAGE CHRISTMAS LIGHTS SWITCH ON

The village put on a wonderful Christmas Lights Switch on Evening on 29th November for everyone to enjoy. Christmas carols were sung by the tree and festive fayre was had in the Church with a special visit from Father Christmas!

The display was the culmination of 4 weeks of work by volunteers with funds being raised from local people and businesses.

A successful and long awaited celebration was enjoyed by all. Special thanks to The Treguth for donating the mince pies and to all who came to support

Cubert Village Hall Survey Document

Notice to the Residents of Cubert Parish.

Cubert Parish Social Club

A proposition from within the parish has been put to **The Cubert Village Hall (CVH)** committee that the **CVH** be extended to include a village social club possibly known as **Cubert Parish Social Club (CPSC)**

The **“Cubert Parish Social Club”** would be operated as a separate concern (committee) located within the **“Cubert Village Hall”** and would be licensed for the serving of alcoholic drinks and a limited food menu.

All profits to be reinvested into **The Cubert Village Hall** with donations to various community organisations within the parish.

This would give Cubert Parish a very useful amenity for local residents.

The added facility of the Bar and Lounge area would make the CVH more attractive for Functions, Parties, Wedding receptions, Entertainment nights, Bingo, Quizzes, relaxed discussions ETC.

This in turn would increase the utilisation of the Village Hall, expanding operations and improving the operational efficiency.

As with all social clubs, a small annual membership fee would be applicable with possible temporary membership available for visitors.

It has been suggested that the extension required for the **Cubert Parish Social Club** could be self-build like the original Cubert Village Hall building with volunteers donating their time and expertise. Please indicate on the form whether you would be able to offer your assistance on a volunteer basis.

Please visit the Cubert Village Hall Web site and download the form.

Please fill in and hand in at **The Post office**

Or hand in at **The Baker's Dozen**

Or post in the **Cubert Newsletter** box on the Post Office wall.

Everyone can help us by not putting domestic waste or dog poo bags in litter bins. Please only put dog poo in the allocated Dog poo bins – The Parish Council litter bins are not designed for this use and we do not possess a vehicle capable of transporting the heavy bags laden with dog waste. If you are not passing a Dog Waste bin - Please consider taking your dog waste home with you and disposing of it in your general waste. You might want to consider using a Dicky Dog Waste Bag in future?

Domestic waste should never be placed in litter bins. Please use the Cornwall Council regular collection service.

As the evenings are now drawing in, when walking, please dress appropriately to be seen and face oncoming traffic.

CNDP UPDATE

I hope everyone managed to have an enjoyable and safe Christmas. Last month saw the conclusion of the information collection phase when the results of the various surveys and the November exhibition event were consolidated.

As we move on into the New Year the work of the Steering Group will focus on translating the information into viable objectives to be included in the Neighbourhood Development Plan.

The plan will in turn need to be sanctioned by the residents, the Parish Council and

the County Council. The time scale for this is, for various reasons, impossible to predict at the moment.

As and when it is appropriate, I will let you know how things are progressing via the Newsletter, Facebook page and website.

As always, if you want to put forward your ideas, please use one of the contact options shown below or email me directly at chair.cubertndp@btinternet.com.

At the dawn of a new year,
 we come to welcome hope for a
 new world.
 Let the darkness lift,
 to welcome a dawn of plenty,
 with enough for everyone
 and people ready to share.
 Let the day begin,
 with new energy for the struggle
 to protect our children
 and to care for the vulnerable.
 Let the light shine,
 to open a path to safety
 for all who are seeking home
 and longing for life.
 Let the sun rise
 on new talks and new resolve
 to end the bombing and the terror
 and to find solutions that will last.
 At the dawn of a new year
 we come to declare our hope
 and to welcome a new world.

Amen.

1. What has only ONE side and ONE edge?

Take a strip of paper, twist one end (180°) and paste the two ends together. To prove it has only one side, draw a pencil line down the middle (see dotted line) and keep on drawing till you return to the point you started from. [Discovered by German mathematician August Ferdinand Möbius 1790 – 1868.]

Try imagining what you would get if you were to cut along the line you have drawn, then try it and see if you were right. You might be surprised.

- I rang up British Telecom and said: 'I want to report a nuisance caller.' He said: 'Not you again.'
- I saw this bloke chatting-up a cheetah and I thought: 'He's trying to pull a fast one.'
- The advantages of easy origami are two-fold.
- I rang up my local swimming baths. I said: 'Is that the local swimming baths?' He said: 'It depends where you're calling from.'
- You know, somebody actually complimented me on my driving today. They left a little note on the windscreen, it said 'Parking Fine.' So that was nice.
- Uncle Ben has died. No more Mr Rice Guy.
- I've just been on a once-in-a-lifetime holiday. I'll tell you what, never again.

Two of the world's rarest chicks have been hatched by UK experts. The endangered Red Billed Curassows were artificially incubated for 30 days at Chester Zoo. Fewer than 200 remain in their native Brazil, due to logging and hunting. The female was quickly noticed not sitting on the eggs. Once hatched the chicks were returned to the parents who welcomed them into the family.

Puffins could disappear from our coastline due to climate change a study has warned. The UK population is set to plummet by 90% because the sandeels they feed on are being killed by warming seas. The British Trust for Ornithology said, Puffins are facing wipe out, probably a loss of over a million birds.

An outbreak of bird flu has hit an estate where millions of turkeys are reared. The disease was found in a small flock of pet birds including chickens and turkeys. The flock was culled and control zones were set up to restrict movements of poultry near the Holkham Estate in North Norfolk. It is the 3rd recent H5N1 attack recorded by DEFRA in East Anglia.

A Black-headed Gull tagged in 1990 has been seen in Poole Park in Dorset. The bird is now 32 years old and has lived 3 times longer than his mates. The BTO said, To see one which is this old is very significant. Samuel Levy, 21, photographed the tag and checked the code on the database.

Black-headed Gull Recently in Hurghada, Egypt, we saw Hooded Crows, Pied Wagtails, Little Egrets, Kestrels and Sparrows. Apart from the Hooded Crows all the other species can be seen locally.

Turtle Doves have been on the UK's red list of endangered species since 1997. Many of them are killed when they migrate south to Spain where it's still legal to hunt them. The RSPB has now persuaded the country to impose a one-year ban. Hopefully the numbers will slowly increase.

By now I hope you are feeding birds in your garden. White sunflower hearts and Nyger seeds are good things to put in your feeders. Also provide some water for drinking and some birds like to bath.

Ben Hocking saw a Blackcap in his garden on the 29th November, subsequently he had three more feeding on berries on the 7th December.

On the 5th December we saw a Black Redstart in the garden at Lanlovie Meadow. Bob Eardley saw it first and we all confirmed the sighting. Being a female made it

harder to identify, being uniformly drab, dark grey-brown but with a characteristic chestnut red tail.

It is hard to believe that another year has gone by. Where does the time go? From the depths of Covid, Crantock WI emerged determined to make the best of what we had. We started with distanced outdoor small group meetings and progressed back to full ones. September saw the return of meetings in the village hall, suitably distanced and with a cool breeze flowing through the building. It was good to get back to what felt normal. As a new wave of covid starts to take hold again, we are determined to do what we can to keep our WI community in touch.

Our coffee mornings continue and the second meeting was more popular than the first. We were again well looked after by Evelyn at the Old Albion.

For me, the highlight of our trips out this month was a visit to the Lorna Wiles Gallery. Lorna very kindly allowed us to look at the gallery exhibits before putting on a demonstration of some of the techniques she uses. Some of our members remember her design and printing business that she ran with husband Bob. She showed us some of the photos and clothes made when the business was in full swing. What an interesting and fascinating life Lorna has led. After, we had coffee and cake at Cbay, enjoying the views over the bay and a lovely end to our afternoon.

Our Christmas lunch arrangements had to be changed at the last minute due to over booking at the Budock Vean Hotel. Fortunately, The Plume of Feathers in Mitchell could fit us in. A big thank you to Events Organiser Lynne Wilson for her quick action. The meal was excellent and the company more so. Christmas got off to a cracking start!

Our December meeting gave the opportunity to enjoy each other's company after discussion of this month's business. After a welcome from President Linda Hallwood to all members and especially new member Margaret Hutchinson, the correspondence and up and coming events were discussed.

The Baker Cup project will be discussed in detail in January, as will the Royal Cornwall entry. A decision must be made as to whether we go ahead. The vote on the Resolution will be taken in January so members were invited to read about the topics identified in My WI magazine.

The subcommittee reports started with Salli Blackford who gave an update on Crantock Poppies. She announced that although the Bale Push had not taken place, a donation had still been given and we were pleased to receive a cheque to continue our poppy project. There will be an easing back on the knitted poppies but more groups are planned to make clay poppies later in 2022 to add to those already produced. Lynne Wilson gave a review of The Keeper of Happy Endings by Barbara Davis and introduced the next book, The Rose of Sebastopol by Katharine McMohon. The group will meet again on Tuesday 25th January. New members are always welcome and if you are interested please contact Lynne Wilson.

This month's entertainment was provided by our expert Quiz Master Gail Wilson. With a theme of Christmas, we enjoyed racking our brains to think of the answers. It ended in a tie between teams Stevens and Bright. After the quiz, it was time for refreshments provided by Sue Fern and her team. They consisted of a variety of Christmas delights made by Sue. This month's competition was Christmas themed hats and we were not disappointed. So good were the creations that we awarded not one but four prizes to Salli Blackford, Ann Evans, Irene Patton and Glenis Pratley. Well done ladies. Next month's competition is making an item from recycled materials. It wouldn't be Christmas without gifts and each member received a parcel, artistically wrapped by Sue Stevens, from the selection on the table.

Before the meeting closed with the raffle, President Linda Hallwood thanked Marie Hedge who has decided to step down from the committee and her role in charge of raffles. Her ideas and knowledge will be missed but she plans to continue attending meetings and I'm sure will give input from the floor.

Next meeting...Tuesday 11th January 2022 2.00pm
in the Village Hall

Following an increase in abandoned calls Force offer advice to those who call 999 by mistake

Devon & Cornwall Police is offering advice to callers who accidentally dial 999, in an effort to reduce unnecessary demand placed on operators. The Force has seen an increase in the number of abandoned 999 calls recently. There are lots of reasons someone may abandon a call to the emergency services, for example a person calling in a crisis situation who is unable to ask for help.

The most common reason for an abandoned call is someone accidentally ‘pocket dialling’ emergency services. This is where a mobile phone accidentally calls 999 and, on some models, even happens when the phone is locked.

A 999 call is recorded as ‘abandoned’ when the line is disconnected before the caller speaks to a member of the emergency services or confirms to a BT 999 operator that they are safe and well.

Chief Superintendent Ian Drummond-Smith, Head of Contact & Resolution Command for Devon & Cornwall Police, said: When a 999 call is abandoned, it can waste precious time that could otherwise be spent helping someone with an emergency and potentially saving a life. When an emergency call is abandoned without speaking with the caller, operators in the contact centre spend time researching the phone number and associated details to ensure there is no risk to the caller and will return the call several times to check on the caller.

Last financial year, 2020/2021, Devon & Cornwall Police received a total of 246,629 emergency 999 calls, of which 15,183 were abandoned. Ch. Supt Drummond-Smith continued: We understand that accidents happen, but if you do call 999 by mistake, please stay on the line to tell us everything is ok – otherwise valuable resources are taken away from answering other calls.

Tips from Devon & Cornwall Police to reduce the chance of accidental 999 calls:

Keep your phone safe and out of reach from children.

Lock your phone before you put it in your pocket - be aware on some models, the phone will call 999 even when locked, if certain buttons are pressed.

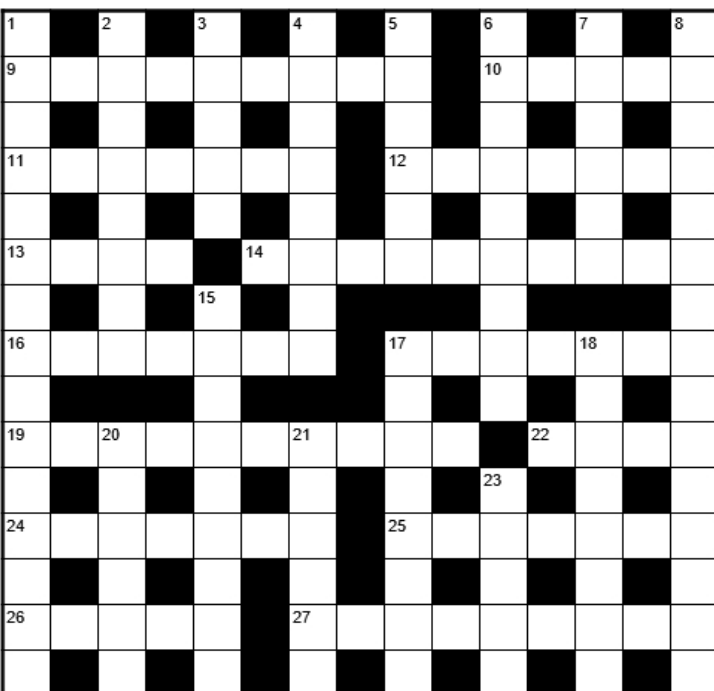

Talk to children about how and when to call for help in an emergency – but how prank dialling 999 for fun can have serious consequences for them and others.

If you dial 999, stay on the line. Otherwise, we will call you back. The police want to know that you are safe and it saves us valuable time. Every second counts.

WI BOOK GROUP REVIEW

Title : THE KEEPER OF HAPPY ENDINGS

Author : BARBARA DAVIS

ISBN : 978-1542021470

Book
review

Barbara Davis is an American author who was an executive in the jewellery business before following her passion to become a writer. The novel revolves around Solinne, the daughter of a renowned wedding dress maker, her life in Paris when the Nazi's invaded the city and her romance with an American ambulance driver which led to her involvement with the Resistance movement and her eventual escape to America. The other main character was Rory a young American woman with her own demons - a missing fiancé and an interfering mother - whose life became inextricably linked with Solinne's. The story went back and forth from the forties to the eighties following Solinne's experiences, firstly in France and eventually her life in America, to Rory's tale and how consequences - or fate - brought them together. It was an easy, enjoyable read but a few of the reviewers skipped parts of the book because of its predicability. Maybe the book title says it all!
