Welcome to the June edition of the newsletter!

Summer seems to have finally arrived at the time of writing and doesn't the parish scrub up well in the sunlight? The issue is a bumper edition, with all the details from the Coronation Celebrations in the centre pages. The Carnival Committee did an amazing job up to and on the day itself, despite all the weather hat was thrown at them. The day was a great success and we look forward to more days like it in the future.

There's so much going on in the parish and it's been great to see everyone supporting the events over the last year and we're looking forward to all the fun of the summer holidays in just a few weeks now. As you will see, there are some more varied articles in this month's newsletter and I'd like to put out the call again for any articles of local interest, especially if they're a good photo opportunity as well.

Warmest wishes,
Jenny

Calling all wool crafters!

The Monday afternoon craft group are looking for people who can knit or crochet red and purple poppies for the display we are hoping to do this year.

If you can help, **there is a bag at the back of the Baker's Dozen in Cubert where you can pick up free yarn.** You can also drop your completed poppies in to the same place.

Wearing red, white and blue clothes, everyone enjoyed a picnic lunch and special themed activities to commemorate King Charles Coronation and were given an official keepsake coin as a souvenir of this historic occasion. We also welcomed Jane Hartley to our Celebration Assembly. Jane is our local Deputy Lieutenant to the Crown and spoke about her role and some of the history behind the Coronation. Jane explained that she was on her way to catch the train to London as she had been invited to attend! We look forward to hearing all about it soon.

Years 4 and 5 had a visit from Space Odyssey recently. They learned how the planets move around the sun, saw constellations and NASA footage, and all in a wraparound 'whole dome' vision in the school hall.

It was lovely to see so many Cubert School children taking part in the Fun Run on Bank Holiday Monday despite the heavy rain. Congratulations to all of you, wear those medals with pride!

Children in Year 6 have been coming into school a little earlier this week to share breakfast before taking their SATs exams. This is a lovely way for them to start the day in a positive way.

The ladies from Newquay Hockey club have been coaching under 8s after school and took 5 teams to a tournament in Penzance where Cubert teams came first and third. The ladies reported that the children played well, showed fantastic team spirit and exceptional behaviour. Well done to you all and thank you to everyone involved with the training and transport.

Our hardworking PTFA are busy organising this year's Summer Fete so look out for more information and we look forward to welcoming you all later in July to what is always a lovely family event on the school field.

WE NEED YOU!

For the second time in just under a year, the **Cubert and Holywell newsletter is searching for a new editor**. When I took on editing from David in December last year, my family had decided to make Cubert our home for the foreseeable future and I was looking forward to getting really involved in village life through the newsletter. Unfortunately, despite months of looking, we have not been able to find a permanent place to live nearby and have had to widen our search.

I'm happy to say we've found our home, however it has meant moving away from Cubert to a beautiful house in Cusgarne in the Bissoe Valley. I strongly believe in being an active part of the community in which I live, which means that soon my attention is going to be further west and I feel it's right to pass the newsletter on to someone who lives here.

As editor, you have control over the content of the newsletter and complete freedom to format it in whatever style you would like.

It takes a couple of hours a month to put the newsletter together, plus a few minutes to deal with emails.

You will need a laptop or PC and some experience of using Word and Powerpoint or similar publishing programmes – the newsletter is currently put together in Powerpoint and it was my intention to switch to a more press-like platform, but I've not had time to make it work fully.

I can give you a full handover and you would have the background support of the former editor and the treasurer, who deals with the finances.

I can honestly say it's been great fun doing the newsletter and it certainly helps to get to know what's going on in the parish. I will continue for the next two issues, but will have to stop after the August issue.

So, if you like the newsletter and want to have a say in how it goes forward, please contact me on the newsletter email address for a no obligation chat.

CVH - PARISH COUNCIL REPRESENTATIVE

Deborah Hopkinson was the CVH Management Committee Parish Council representative for over 20 years and has now resigned from that position. Deborah is still the Secretary and handles the bookings for the CVH. Many thanks to Deborah for her commitment over this time.

We welcome Gareth Rowe to the CVH Management Committee as the new Parish Council Representative bringing with him his experience of living in the parish for many years.

CORONATION CELEBRATIONS REPORT FROM MONDAY 8TH JUNE

What a wet day ! But, despite this, in true British fashion, the weather was braved by the toddler's, the fun runners and all those attending the church field events. Do please read the report on the day's events from the Carnival Committee (CHCC), found in this same issue of the parish news, for a full description.

Due to the weather, the craft tables were brought inside the village hall and joined in with the Kick Start 1 the day alongside the refreshments from 11:00. The CVH collected £130 from the sales of the teas, coffee soft drinks, savoury and sweet items. We only achieved this through the generosity of...

THE BAKER'S DOZEN donated the cakes

MORRISON'S of Newquay gave a money off voucher so cutting the costs of savoury and other items.

WE CANNOT SAY THANK YOU ENOUGH.

The CVH were going to stop refreshments at 13:00 but with the weather and the attendance in the hall, decided to continue serving right up until 15:00, keeping this going to provide a dry haven for all concerned with, and those attending, the day. Then the CHCC took over and continued, closing when ready to move for the night events, onto the Church field.

Thanks goes to ALL the volunteers from the CVH, CHCC and many parishioners who helped set up and then clear up the hall at the end of the day. THANK YOU

We have also received a **£200 donation from the CHCC** in recognition of enabling the covered space for the craft tables and for support given to the CHCC. This will be very welcome towards the hall operating costs.

FLOOR MATS - PROGRESS

The floor mats have arrived and are now in place. The foyer mat sent was not as ordered and the replacement has now been delivered. This needs some fitting work and once in place will look the bees knees as they say and will prevent the pesky dirt and grit from getting onto the refurbished floor

Bryn is from a local family, that have lived in the Cubert/ Holywell Bay area for generations. Bryn's family are the Hoopers, Vincent's and Wills'.

Bryn is the fifth generation to attend Cubert School from our family. Bryn has played cricket since the age of 3 at Perranporth Cricket Club, he has been in the Cornwall Cricket Team since the age of 8 and is on the ECB Emerging Player Pathway programme for Cornwall.

Bryn has the opportunity to go to Sri Lanka to play cricket representing Cornwall Under 15's Team in October so we are looking to raise some funds for the trip.

We hope that you will come along and support him with our fun fundraising quiz.

!!2024 TIMEPIECE CALENDAR COMPETITION!!
'CUBERT & HOLYWELL MOMENT IN TIME'

Early Planning for 2024. The new 'Timepiece' Cubert & Holywell Calendar Competition is starting now, due to seasonal photos needed.
 WE NEED YOUR BEAUTIFUL PHOTOS, BUT THIS TIME...WITH A DIFFERENCE 📷📱📸

Due to previous years' success, the Cubert & Holywell Carnival Committee, have decided to produce another Calendar for 2024 to raise funds...WE NEED YOUR HELP TO DO THIS!!

SO..... all you talented people out there who love taking photos of our local beautiful village (Cubert & Holywell and all its picturesque Hamlets) and Holywell Bay coastline, why not enter by submitting them by email to: cubert.chbcc@gmail.com or you can post your photo in the comments section of The Holywell & Cubert Facebook Page, you can find it in the Announcement or Featured Section at the top of the Group Page '2024 Timepiece Calendar Competition' advert.
 (If sending by email, make subject '2024 Timepiece Calendar Competition' and state your full name and phone number for entry purposes)

The photos can be of the beach and surrounding areas, the coastal walk towards Holywell, the villages/hamlets and wildlife within the Parish, but this 'time'...we are looking for a timepiece of any description to be displayed in your Photo! (See examples above.)
 (Please, no identifiable humans or pets, no professional photographers). Please ensure the photos/drone pics are your own or you have permission of the owner to post them.
 Once we reach the closing date, they will be judged independently by the Committee. The winners (front cover/or month pages) will have their name published and only those winners will receive a free calendar. We will also have a runners up page on the back cover.
 Please note: your post will automatically give permission to publish your photos, with no personal profit from the proceeds. Photos must be of good resolution for printing purposes.

WE WOULD ALSO LIKE TO GIVE THE OPPORTUNITY FOR LOCAL BUSINESSES TO ADVERTISE AT A COST OF £50. THE ADS WILL BE INSERTED TO THE RIGHT OF EACH MONTH'S PAGE. Contact Julia Beckford on 07958 059 288

A note on Wells in the Parish

Following on from last month's article on the Holy Well, the Holy Well in the cave on the beach was once visited by John Wesley, one of the founders of Methodism. There is also a well on Trevornick Holiday Park down in the valley, which has a striking stone structure and is maintained annually by Newquay Old Cornwall Society.

On Tresean Moor there is a Well, known to locals as Stony Well. This well was renowned for its excellent water, so much so that late resident Harry Reed had some brought to him in hospital.

These days now grown over, there was also a well at Trevail on the moor. There were also wells at Trebisen, Trelaske and at Cubert Primary School.

The well in the square at Cubert was said to be as deep as the church steeple is high (70 feet).

CUBERT PARISH COUNCIL - FOOTPATHS

Everything is growing at a furious rate now. ALL the footpaths in the Parish are maintained by a wonderful group of volunteers. The PARISH needs more volunteers to keep the footpaths open.

If footpaths become overgrown and fall out of use by the public we could lose them!

If you can spare some time to help with cutting back a footpath please volunteer.

Equipment can be supplied and any necessary training given.

ST CUBERT PARISH CHURCH NEWS**Services for June:**

Sunday June 4th Holy Communion 9.30am

Sunday June 18th Holy Communion 9.30am

At the end of June we say goodbye to the Revd Rachel Freschini who has been working in the Cluster for the past six years. We wish her all the best in her new home and thank her for her ministry with us.

**Churchyard.**

You will notice that the churchyard now has areas of uncut grass which will allow more plants to grow and hopefully, attract more insects. Thanks to James who has cut the churchyard in such a sensitive way, making it look both neat and well managed with a touch of wildness! Also many thanks to Helen who has been working so hard tidying the graves and planting all kinds of flowers to bring beauty and diversity to the area.

On Saturday June 3rd we will do the Count on Nature project that is taking place in many churchyards across the country, making a record of all the plants, birds and insects which can be found on that day. Volunteers for this would be great, so if you are interested, please come to the churchyard between 10 and 12 on the morning of the 3rd June.

CUBERT

**PRACTISE SOUL CARE**'He restores my soul'

David said, 'The Lord is my shepherd; I shall not want. He makes me to lie down in green pastures; He leads me beside the still waters, He restores my soul.'

Today car engines are computerised. A light on your dashboard will let you know something's wrong and it's time for a check-up. Your soul will do that too. But you've got to pay attention to the signals! Don't wait until you have a spiritual, moral, emotional or relationship breakdown before you stop and pay attention. When your soul's thirst is not quenched and its needs are not met, it will seek relief some other way, often a way that will hurt you.

You must know when to say 'when'.

Most of us don't take breaks that enable us to 'restore our souls'. We are ensnared by guilt, as if stopping would somehow be irresponsible. Or we fear losing ground because we took a minute for ourselves.

One of the hardest things in life to achieve is not success, but a sense of balance. So in all your goal-setting and 'go-getting', don't forget your soul. Even God rested, and if He did, then you need to also.

The power of rest is that it allows you to enjoy the journey of life and not just the destination.

Indeed, if you don't learn to walk in the park by choice, you may end up in the hospital by necessity.

When God 'makes you lie down in green pastures', enjoy them. When He 'leads you beside the still waters', it is to refresh and restore you. So practise soul care!

KERNOWSAURUS

A Book by Philip Oxley

Available now on Amazon eBook.

In the fifteen years I lived on the north coast of Cornwall my daily visit to the beach was often enriched by some film crew or other using Holywell Bay as the backdrop to a TV drama or Netflix series.

It was great fun looking out for famous faces, always marvelling with the other dog walkers on how many people were employed on the "set" and how long it took to film just a few minutes or even seconds of airtime. We all moaned of course about our walk being disrupted but secretly we loved the fact that our little hamlet was so much in demand by the film industry because of the natural beauty on its doorstep.

The one problem I did have, was that Holywell Bay was always a "stand in" for somewhere else and never the star in its own right. I know other people felt the same way. Well, I have tried, in my own humble way, to address that issue with this book.

Kernowsaurus is based in an idyllic, rural, hamlet on the North Cornwall coast. It tells of two thoroughly modern children coming to the rescue of a creature from the depths of Cornish myth and legend. Jacob and Eliza take it upon themselves to help Kelsey fulfil a destiny that is over a thousand years in the making.

The story begins on the deathbed of a time worn Arthurian wizard full of remorse and seeking redemption. It ends on the star cooled terrace of an open-air theatre on the edge of the ocean amid joyous scenes of song and celebration. The tale weaves a thread around historical occurrences that took place in Cornwall over many years. Including the sinking of SS *Francia* in 1917 and the bombing of *Penhale* Camp in 1940 where at least 22 people lost their lives.

The King's
CORONATION

MAY 6, 2023

🇬🇧 Cubert's King Charles III Coronation Celebration held on Monday 8 May 2023 🇬🇧

The Cubert & Holywell Carnival Committee would like to express their thanks to everyone who came and supported the King's Coronation Celebration!

The dreadful weather certainly didn't dampen our spirits and the turnout was incredible!

The day started with the wonderful Toddler Trot for the under-fives, with over 30 entries followed by the Fun Run, when 129 runners took part in the one-mile race. A big thank

you for the support of the 30 Marshals without which, the race couldn't have happened. Please see separate Report but thank you to everyone who organised and supported! The Stilt walker, despite the weather, managed to entertain the children!

The entries for the Cake, Beer and Wine Competitions were a wonderful sight to see and our Judges had a great time selecting the winners!

Julie Norfolk certainly kept the Children (and adults) very entertained with her fantastic performance, followed by great tunes from both Julie and Mike Norfolk. The evening ended with Cyderfex who got the marquee bouncing. It was wonderful to see the crowd appear over the field amidst the fog!

Compère Calvin oversaw the whole day with Tony Savage and Colin Mortlock who worked tirelessly to supply the gathered crowd with sustenance.

The Village Hall Committee supplied teas, coffees and cakes in the bunting decorated hall during the morning and hosted the Craft Stalls for us. The complementary 200 cream teas were also served in the Village Hall.

The Crown Competition was judged by Jane Hartley, Deputy Lieutenant with Sophie Crookston-Pleasants; and amongst others, we even had a little Unicorn in fancy dress!

During the evening, the Fire Eater gave a fantastic performance, and, despite the fog and damp, the Jubilee fire pit was lit and created a wonderful atmosphere!

Despite the extremely muddy conditions, it was great to see so many people dancing and enjoying the music and celebrating our new King. The marquees certainly did their job in keeping everyone dry! Thanks to the Surf Club for the additional marquee!

The Committee could not have held this event without the help and support of numerous volunteers. The Committee would also like to thank the many volunteers who helped with the set up and pack down of the marquees, and all of the additional equipment needed. The Smugglers Den Inn provided their ongoing support with the bar and wonderful scones and jam! Jane Hartley, for her time in judging and informative speech regarding her role as Deputy Lieutenant of Cornwall, Sam Gribble – S J photography, (Photos mostly credited to Sam), the Newquay Road Runners club, David Ball Estate Agent, Legacy Properties, Cubert Village Hall Committee, Cubert Parish Council, Sourdoughlicious, TheVillage Fish & Chip Shop, WAX Newquay, Steve Rodda, Hutton Hire, Adrian at Trevail.

A big thank you to Bob Coad and his help with the tractor for those stuck in the field!!

CUBERT ONE MILE FUN RUN AND TODDLER TROT RESULTS - SPONSORED BY DAVID BALL AGENCIES AND LEGACY PROPERTIES- ON BEHALF OF THE CUBERT & HOLYWELL CARNIVAL COMMITTEE

Torrential rain falling for most of the afternoon failed to dampen the spirits of the 128 boys and girls who took part in the Cubert 1 mile fun run.

This event has normally been held in conjunction with the annual Cubert 5 mile road race, but with that event not taking place this year, the Cubert and Holywell Carnival Committee who organise the fun run, decided to feature it as part of the King Charles 111 Coronation celebrations taking place on the Bank Holiday Monday. For many of those taking part, it would have been their first introduction to running and racing on the roads, with several going on to become involved in athletics in general as they get older.

As an acknowledgement to all the hard work and training put in by all the youngsters of the local Surf Life Saving Clubs, an additional trophy was up for grabs for the first "Nipper" home. This went to 10 years old Sebastian Sousek, a member of the Crantock SLSC.

All of the other various category winners went home delighted with their trophies, and everyone who completed the course went home with a Goody Bag and proudly wearing their well earned medals for all to see.

However, one of the most inspirational sights of the afternoon was the "Toddlers Trot" for all the under 5.s. A record number of 30 made their way around a half lap of the field, with each and every one of them being loudly cheered all the way to the finish.

All proceeds of this year's run, which amounted to in excess of £850, will go towards the cost of maintaining, and the year on year increase, in the number of excellent Christmas lights that appear on show every year in and around the village of Cubert. Afterwards, the Race Director Lesley Richardson said that she was delighted how the day went. "Despite the atrocious weather, we are only slightly down on last year's figure, and everyone involved had a great day. We have already started talking about next year's run, so watch this space."

The Cubert and Holywell Carnival Committee would like to sincerely thank David Ball Agencies and Legacy Properties for all of their support in providing all the trophies, medals, goody bags and the recyclable drinking cups etc and Sam Gribble- SJ Photography, whose photographs have provided life long memories of the day. Also, a big thank you to Newquay Road Runners club for the loan of all the "race related" equipment, and to 30 local residents who turned out to marshal the route of the event and help ensure the safety of all those taking part.

CUBERT SEA ANGLERS 1963 – 2023

Club Fishing - The month of May to date has produced very few species from our local waters. The fish that have been recorded are a mackerel of 15oz and one of a pound, together with a spotted dogfish of 2lbs 6oz. Let's hope the present fine weather improves catches.

General – On the weekend of 20th and 21st May, the club hosted “The Four Seasons Competition” which is between various local angling clubs, with the weigh-in being held at the Treguth Inn at Holywell. I will publish a report on the results in the next edition of the newsletter.

June competitions

A monthly competition for June 2023 fishing for **the Best Specimen**.

A monthly competition fishing for the **John Penna Bass Trophy** for the heaviest bass caught between Perranporth and Crantock Beach, fishing from rocks off the beach. Please note the minimum weight for bass is 3lbs.

Anyone who wishes to join the club can contact our Secretary, Eddie Gummow or our Treasurer, John Smith.

PLEASE NOTE THAT THERE IS A CUBERT SEA ANGLERS NOTICE BOARD IN CUBERT VILLAGE SQUARE FOR FUTURE INFORMATION

NEWQUAY ROAD RUNNERS

This year Trevornick 10k will be held slightly later than usual on Sunday 21st June 2023.

Trevornick 10k is put on by Newquay Road Runners and is part of the Cornish Grand Prix Series which is made up of 13 races throughout 2023 and pulls runners in from all over the county. It's a great community series and we would love to have you part of the 6th race in the series.

You can find out more and enter on the Newquay Road Runners website here: <https://www.newquayroadrunners.co.uk/trevornick-10k>

The May members meeting saw dismal weather again but the hall was warm and the programme held the promise of interest and entertainment.

The usual business was conducted and a reminder given of events with imminent closing dates and those up and coming. In particular, the visit to the Japanese Garden was taking place the following week. Report by Linda Hallwood follows later.

President Linda Hallwood informed the meeting of the next stage of the resolution 'Cleaner Water for People and Wildlife' which has been chosen nationally to go forward to the National Conference in June. There was a vote on whether we feel it is a worthwhile project to undertake which was passed unanimously. Linda is the Link delegate for 8 WIs in the area and will also take their votes to National Conference.

Christina Rutherford gave a detailed report on the visit to Wheal Martyn. Her report follows later.

Our guest speaker for this month was photographer Sam Gribble. Sam kindly brought along some examples of her work and gave an excellent PowerPoint presentation of her background, tips about how to pose and tips on taking a good photo. All this was delivered with good humour and in a most interesting and enjoyable way.

Following refreshments, the results of the competition 'Native Birds and Bird Song' were announced. In first place was Juliet Weller with her written reflections on birds she regularly sees in her garden supported by pictures and a decorated birds nest. Second place went to Maggie Billing who had cleverly set out a long list of popular songs containing the names of different birds. In third place Maureen England showed her artistic flair, having drawn and painted a number of British birds. The theme for next meeting is 'Here comes Summer' and we look forward to members interpreting it in their own way.

The meeting ended with the raffle and the distribution of birthday posies and cards.

Visit to the Japanese Garden

Our final outing before this article goes to press was the visit to The Japanese Garden in St Mawgan. The day was perfect for the visit, warm and blue sky although under the many trees it was shady and cool.

Gaps in the trees had been arranged to allow the sun through to illuminate the beautiful Acer trees that varied in colour from acid green to deep, rich red. The colour continued beneath the canopy where Azaleas of all colours covered the ground. Twisted trunks and branches added interest between the bridges and shelters.

On our way out of the garden we stopped in the area that housed Bonsai trees and plants for sale. After the visit we enjoyed lunch in the garden of the Falcon Pub before a visit to St Mawgan Church with its beautiful stained glass windows. This visit was a great success and we look forward to the next at Tremenhere Sculpture Gardens.

Visit to Wheal Martyn Museum

On the 18th of April the ladies of Crantock WI visited Wheal Martyn, an old china clay mine. We were blessed with beautiful weather and were fortunate to have a tour guide who actually had worked in the mine when he was a teenager. Personal anecdotes made his narrative quite amusing and interesting.

We learned about the process of extracting feldspar which forms when granite decomposes, to produce kaolin, used in the manufacture of fine bone china, paint, paper and even toothpaste.

They used to blast the granite with water delivered at very high pressure through hoses to extract the feldspar.

The extracted mineral then became suspended in the water that was used to loosen it from the granite and the resulting water mixture, or slurry, was channelled down the hill from the quarry, for processing.

We saw the numerous ponds into which slurry would flow, travelling downhill with the help of gravity and being moved and separated by large water wheels. Water would be extracted along the way and the mixture eventually thickened in the last set of ponds to a consistency of clotted cream, before finally being shovelled into the large drying oven at the bottom of the hill. After being dried in the ovens, the resulting china clay powder was shipped off to be used in various manufacturing processes.

If a man became ill and unable to work at the mine, his children would be sent to work in his place so that the family could continue to receive housing and wages. Assigned tasks would be appropriate to their age. During the war, women took their husbands' places at the mine so that china clay production could continue and their housing and income were ensured.

China clay mining has existed in Cornwall for 275 years and was one of the main sources of employment and housing for generations of Cornish families.

The waste materials from the pit excavation have been placed around the outskirts of the mine and have very quickly become overgrown with vegetation. Nature abhors a vacuum and acts to produce new growth even in what may appear to be inhospitable environments.

The next meeting is Tuesday 13th June at 2.00pm in the Village Hall. All ladies welcome.

The Feast by Margaret Kennedy

Margaret Kennedy was an English novelist and playwright. She attended Cheltenham Ladies' College, where she began writing, and Somerville College in 1915 to read history. This novel was initially published in a shortened form in a 1949 Ladies Home Journal magazine under the title of Never Look Back.

Published in 1950 and set in Cornwall. A cliff collapses on top of a seaside resort hotel in which guests who were not on a picnic perished. A quote from the Goodreads.com site states the germ of the idea came to the author in 1937 when she and a social gathering of literary friends were discussing the Medieval Masque of the Seven Deadly Sins. Margaret conceived of a story that would gather the Sins all under the roof of a Cornish seaside hotel managed by the unhappy wife of Sloth.

There is an entertaining cast of characters - adolescents and children, a clergyman, husbands and wives. It could be described as a thriller or a morality play, a family saga or even a romance. Readers enjoyed this tale which could be described as a mix of Mills and Boon and Agatha Christie. The characters were skilfully but simply written and some more likeable than others but each described in a believable manner. The descriptions throughout the novel are not too wordy or overdone.

Locations felt familiar and believable especially to those of us living in the County. The start of the book has the reader gripped with the telling of the collapsed cliff and deaths of hotel guests – but not who. Each of the main characters represent each of the seven deadly sins and it takes a good chunk of the book to work out which.

The group in general enjoyed this read and felt it to be a clever, novel which covered a great deal in only seven days. Two romances develop, a secret society recruits new members and two daughters defy parents.

Hedgehog News from Prickles and Paws Hedgehog Rescue

Greetings One and All!

We hope that you are all enjoying the longer evenings and (occasionally) warmer weather. We have been enjoying hearing about all of your hedgehog sightings, we are now well into breeding season and it's likely hedgehog activity will increase due to this. At the rescue we are now very much on countdown to the first orphaned hoglet of the year as last year May saw the first of nearly 350 hoglets admitted to the rescue, making up part of a total of nearly 1300!

As many of you are no doubt aware, hedgehogs are now sadly vulnerable to extinction, but there are lots of ways that we can help them out in our back gardens. **Here are our top tips:**

- Provide a shallow dish of water**
- Let garden boundaries grow wild**
- Create a bug hotel**
- Sow wildflower seed**
- Create a hedgehog highway**
- Please check long grass and hedges before strimming!**

Most importantly of all, our number one tip

Thank you to all of you who attended our first ever coffee morning at Cubert Village Hall, it was lovely to be able to chat to you all and say thank you in person to so many of you that save us newspapers!

We raised an incredible £600 and hope to hold another coffee morning in the Autumn. For lots more advice on how to help hedgehogs, visit our website pricklesandpaws.org

I hope that by now you've stopped feeding the birds in your garden as there is plenty of natural food for them. Now is the time to thoroughly clean and gently disinfect the feeders and put them away for use later on in the year.

Staff at Weymouth's Sea Life Centre were concerned for Chaka, a Fairy Penguin who was unsteady when walking. The penguin became the first bird in the world to have an MRI scan and thankfully Cave Veterinary Specialists in Somerset found nothing detrimental. On 13th May, keepers at Edinburgh Zoo welcomed their first Penguin chick of the year, an endangered Rockhopper.

At Sheffield's Tropical Butterfly House Wildlife Conservation Park, keepers taught a Raven called Odin to paint. They started by giving her toys to playfully pick up with her beak and then added a paintbrush. Training included plenty of treats and now she can dip the brush into paint and daub it on the canvas. Proud zookeeper Milly Fox explained that Ravens are highly intelligent and need stimulation while in captivity. Odin, who is 11 years old, was named after the Norse god when she was originally thought to be a male.

Many years ago, Major Scales of Commons Farm had a tame Raven who would come to him when he called if he was working at Crantock. It had a trick of picking up a small stone and putting it into his ear. Subsequently he gave the Raven to the Tower of London and when visiting the Tower he asked the Raven Master if he could go in with the Ravens in their enclosure. When he did, the Raven recognised him and duly did its trick.

At this time of year, Hobbies, the most agile of our raptors, arrive here having flown 6,000 miles from South Africa. Last year they were seen at the RSPB Reserve at Ham Well, Avalon Marshes, Somerset. One bird fitted with a transmitter flew up to 111 miles a day during its journey to and from Africa. Hobbies will grab newly fledged Swallows, House Martins and even Swifts. Peregrines may be faster, Kestrels able to hover motionless in mid-air, and Merlins more manoeuvrable over short distances but nothing beats a Hobby for sheer spirit and energy. There are at least 2,000 breeding pairs in England, Wales and as far North as the Scottish Highlands.

On 13th May six Red Kites were seen at Bedruthan Steps heading towards Porthcothan. Although seen in reasonable numbers upcountry, they are a rare sight in Cornwall.
