Terms: Subject to Chubb Fire & Security Limited standard published conditions of sale applicable to the goods or services described above, a copy of which can be supplied on request. Fire equipment has been inspected and serviced in accordance with BS 5306 Part 3 (Extinguishers) or Part 1 (Hose Reels) or to agreed contractual requirements as appropriate. Customers are obliged under the Regulatory Reform (Fire Safety) Order 2005 and the Fire Safety (Scotland) Regulations 2006 to provide an appropriate level of fire-fighting equipment at all times, any nonconforming equipment should be replaced as soon as possible. Increased fire safety precautions are required in any area where the number of extinguishers has been reduced pending replacement. Customers are also reminded it is their responsibility to check that the fire equipment is located at its normal fire points and has not been discharged or suffered obvious damage, by carrying out regular checks, preferably at monthly intervals. The personal details you provide will only be used by Chubb to contact you from time to time with information that we think may be of interest. Please tick here if you do not wish this to happen.
