<td>PC Lee Maddison was present and reported that 19 incidents had been reported in the previous month. There had been three crimes, which included theft from a motor vehicle and malicious communication. A report of youths on quad bikes had been received and responded to on 12 December, but they had managed to escape by the time the Police attended. There had been no reports of youth anti social behaviour. PC Maddison suggested that gates to prevent access to the electricity sub station adjacent to the recreation field car park would really help with the recurring issues in that location. Members supported this and agreed that this could be added to the list of future projects to the village, as long as an agreement could be reached with Northern Electric regarding access.</td>

<tr>

<td>Members raised a couple of issues with PC Maddison about kids knocking on doors and issues with car parking at the Crest. PC Maddison advised that this had been raised with the people concerned previously as they had received complaints direct.</td>

There were no plans to use machines that collected the grass and he was not able to attend any meetings in 2020.</td>

dark. It was **agreed** that a light and a proper footpath should be added to the list of future projects.

| 123. | **Correspondence**  
The Clerk reported that a letter of thanks had been received from CAN.  

Regarding the claim for subsidence damage to a property arising from trees on the Parish Council’s land previously reported, it was noted that a site visit had been due to take place that morning but there had been no further information as yet on the outcome.

Cllr Wood reported on an email sent to Persimmon Homes from a resident of the Crest regarding excessive sand and dust build up in his central heating boiler, this he alleged was coming from the Augusta Park development. He had copied in the local MP, the Castle Ward City Councillors and the Parish Council. This was being actioned by Cllr Lower with officers at the City Council. |

| 126. | **Updates**  
126.1 **Keepmoat Homes** – Cllr Wood reported that all the plots were now sold and legally completed. The SUDS area had been strimmed. Some of the trees around the SUDS basins had died and would be replaced. The area occupied as a site compound by the groundworks contractor still needed to be tidied up, but was in hand.

The open space/roundabout still needed to be re-instated. The landscaping contractor was gearing up to carry out the reinstatement once the groundworker sub-contractor had finished with the area and finally tidied it up. |

128.2 **Precept 2020-21**
Members discussed this at some length. The Clerk had been unable to get an indicative figure for the council tax base from the City Council as yet, but it was understood that it would increase again this year due to the ongoing house building, which meant that the precept would be shared among a greater number of homes. After some discussion, it was **agreed** that the Parish Council precept be set at £12,500 based on a general increase of 2% to allow for inflation and an increase of £150 to Adopt a planter / NIB budget and an increase of £450 to Miscellaneous and contingency budgets.
