Coun. Richard Whitby said he was progressing the matter of the gateway project and the costs for it would be covered by grants.

In respect of the project to refurbish the village sign he was hopeful the firm involved in its production, John E Wright of Nottingham, would be able to provide the original artwork material. Coun. Goodman said the woodwork to the structure was in an acceptable condition. It was hoped the project could be completed for a price in the region of £500.

The clerk was asked to progress the scheme to purchase "Don't drop litter" and Dog nuisance signs.

The chairman said at the recent WW1 event had had been given an offer by a resident that could have involved purchase of a defibrillator. The resident had been persuaded by a third-party person that there would be better use made of his promised donation. It was suggested the cost of the sign refurbishment might be met by it.

Accounts for payment were approved as per the circulated list

Members discussed a Budget / precept 2019-2020 report presented by the clerk in which it was suggested the required income for coming year would be £6,640.
