

### Communications

It was agreed that communication would be a key factor. Discussion took place on the most effective areas and the responsibility for setting up and updating material.

It was RESOLVED as follows:

- (a) The Herald Mr Briggs would write an article for The Herald. As the date for submission of articles was 3 June, he would circulate a draft to the Group the next day for comment.
- (b) Notice Boards Mr Brewin would put up notices in Stanton under Bardon. Ann Murray would undertake those for Bagworth and Thornton
- (c) Ms Whittingham and Mr Brown would undertake Facebook and setting up an Email account
- (d) Mrs Briggs would set up a website with Spanglefish at no cost to the Group.
- (e) Mr George and Mr Regis Auckland to write an article/or participate in an interview with Leicester Mercury, Coalville Times and Hinckley Times in July

A member of the public also suggested writing to local groups, such as WI, to inform them of the Neighbourhood Plans. This to be further investigated.
