Eaglesham and Waterfoot Community Council

The Community Council meets at 7pm on the second Tuesday of each month in the Montgomery Hall. It actively pursues issues of local concern. Examples have been the new Waterfoot leisure park; the community post office (now re-established); the bus route (less successful); speeding in the village; the lack of parking space at Carrot. Police representatives and East Renfrewshire Councillors attend regularly. Guests are invited to address specific topics such as

Neighbourhood Watch and Primary School capacity and placing requests. Detail of the Community Council along with agendas and minute can be seen on the website. The CC Facebook page is an active forum for discussion of issues as they arise. All residents are encouraged to keep in touch by coming to meetings, checking the website, or following Facebook.

Find our contact details in the Community Council listing above.
