

Colburn Hipswell & Scotton Joint Burial Authority

EQUALITIES AND DIVERSITY POLICY

Colburn, Hipswell and Scotton Joint Burial Authority is committed to the principles of fairness and value diversity for all who, work, invest or visit the cemetery.

It is recognised that everyone that lives in the community has a stake in the future of how the Burial Board develops and wants its activities to be accessible, relevant and meaningful to everyone as well as reduce social exclusion wherever possible.

All employees will be treated equally regardless of gender, race, colour, nationality, age, disability, sexual orientation, religious and political beliefs or marital status.

The purpose of this Policy is to ensure that all employees, contractors, job applicants and residents of the associated parishes will be treated fairly by the Burial Board and its employees and contractors. The Burial Board is therefore committed to ways of working and communicating which ensure that no service user or employee experiences unfair discrimination or harassment.

Our aim is to serve all members of the community.
