COVID-19 Advice and Support

A message from Jane

I would like to wish everyone well through this extremely difficult time and thank the NHS and key workers who look after us so brilliantly.

I want to extend my thanks to everyone who has volunteered their time in the Vale of Glamorgan to help others and the community during the past weeks and months.

I want to say thank you – you are all fantastic.

If you would like to volunteer, please visit the Volunteering Wales website

News

The Welsh Government has announced a £500 payment for all who work in social care - in Care Homes and in the community. This includes kitchen and domestic staff, personal assistants, agency and nursing staff in care homes.

To mark Carers week this year, the Welsh Government announced an additional £50,000 funding to Carers Wales. The new funding will provide more unpaid carers with professional and peer support to help them manage their mental health.

I am grateful to everyone who has contacted me over the past few weeks of the Coronavirus with your queries, views and requests for information. **Please do not hesitate to contact me.**
