

GREAT WILDERNESS CHALLENGE

APPLICATION FOR FUNDING SUPPORT

The Great Wilderness Challenge is an annual charity hill walking and running event organised to raise funds for charities that support people living in the Highlands of Scotland.

All applications must be from registered charities making a positive difference to the health, wellbeing and quality of life of people and communities across the North of Scotland.

We offer charities funding opportunities in one of two ways:

1. **Apply to be one of our nominated charities for next years event.** The Highland Hospice is our main beneficiary each year but in addition we will choose 4 additional charities to receive a donation from us – the amount will depend on the overall amount raised by the event that year. Charities successfully chosen as one of our nominated charities will only be able to re-apply to be a nominated charity again every 2 years. Applications can still be made to enter a team.
2. **Apply to put in a team and raise funds for your charity.** If chosen you will be offered a set number of places on a choice of routes. You may then raise sponsorship with all funds going directly to your charity via your own fundraising platforms.

All applications must be received by 10th November and successful charities will be notified at beginning of December.

APPLICATION DETAILS

NAME OF CHARITY.....

MAIN CONTACT DETAILS (to whom all correspondence will be sent)

NAME.....

POSITION
