

KCH and ACF - RENEWABLE ENERGY SURVEY

1. Please tell us how many people live in your household.			
		Response Percent	Response Count
1		20.0%	10
2		44.0%	22
3		10.0%	5
4		16.0%	8
5		6.0%	3
6		4.0%	2
7+		0.0%	0
		answered question	50
		skipped question	0

2. Please tell us your postcode.			
		Response Percent	Response Count
IV4 7AD		17.9%	7
IV4 7AE		7.7%	3
IV4 7AF		7.7%	3
IV4 7AG		2.6%	1
IV4 7AQ		17.9%	7
IV4 7EY		10.3%	4
IV4 7JJ		17.9%	7
IV4 7JL		7.7%	3
IV4 7JN		2.6%	1
IV4 7JR		7.7%	3
Other (please specify)			15
		<i>answered question</i>	39
		<i>skipped question</i>	11

3. Global warming is happening and despite some recent media coverage to the contrary remains an important issue which needs to be addressed.			
		Response Percent	Response Count
Strongly Agree		52.0%	26
Agree		38.0%	19
Neither Agree nor Disagree		6.0%	3
Disagree		0.0%	0
Strongly Disagree		4.0%	2
		<i>answered question</i>	50
		<i>skipped question</i>	0

4. The local community should minimise its carbon footprint where technically and economically viable.

		Response Percent	Response Count
Strongly Agree		52.0%	26
Agree		42.0%	21
Neither Agree nor Disagree		4.0%	2
Disagree		0.0%	0
Strongly Disagree		2.0%	1
		answered question	50
		skipped question	0

5. Community Companies (such as KCH and ACF) should make reduction of their carbon footprint a key aim within their operating policy and practices where technically and economically viable.

		Response Percent	Response Count
Strongly Agree		44.0%	22
Agree		44.0%	22
Neither Agree nor Disagree		10.0%	5
Disagree		0.0%	0
Strongly Disagree		2.0%	1
		answered question	50
		skipped question	0

6. All forms of renewable energy (hydro, wind, solar, tidal etc.) reduce carbon emissions and should be considered on their technical and economic merits.

		Response Percent	Response Count
Strongly Agree		56.0%	28
Agree		38.0%	19
Neither Agree nor Disagree		2.0%	1
Disagree		2.0%	1
Strongly Disagree		2.0%	1
		answered question	50
		skipped question	0

7. Community Companies should implement renewable energy technology at their premises where both technically and economically viable.

		Response Percent	Response Count
Strongly Agree		48.0%	24
Agree		50.0%	25
Neither Agree nor Disagree		2.0%	1
Disagree		0.0%	0
Strongly Disagree		0.0%	0
		answered question	50
		skipped question	0

8. Community Companies should implement community renewable energy project(s) of a size to meet the energy needs of their own community building(s) where economically and technically viable.

		Response Percent	Response Count
Strongly Agree		50.0%	25
Agree		44.0%	22
Neither Agree nor Disagree		2.0%	1
Disagree		4.0%	2
Strongly Disagree		0.0%	0
		answered question	50
		skipped question	0

9. Community Companies should implement community renewable energy project(s) of a size to meet the energy needs of the local community where economically and technically viable.

		Response Percent	Response Count
Strongly Agree		42.0%	21
Agree		40.0%	20
Neither Agree nor Disagree		12.0%	6
Disagree		6.0%	3
Strongly Disagree		0.0%	0
		answered question	50
		skipped question	0

10. Community Companies should implement or be a partner in implementing larger scale renewable energy project(s) with a community benefit that are economically and technically viable.

		Response Percent	Response Count
Strongly Agree		34.0%	17
Agree		52.0%	26
Neither Agree nor Disagree		8.0%	4
Disagree		4.0%	2
Strongly Disagree		2.0%	1
		answered question	50
		skipped question	0

11. Your household supports the use of community wind power renewable energy project(s) where economically and technically viable (assuming loss of visual amenity and environmental impact acceptable to the authorities and the majority of the community)

		Response Percent	Response Count
Strongly Agree		38.0%	19
Agree		48.0%	24
Neither Agree nor Disagree		6.0%	3
Disagree		4.0%	2
Strongly Disagree		4.0%	2
		answered question	50
		skipped question	0

12. Your household supports the use of community hydro power renewable energy project(s) where economically and technically viable (assuming loss of visual amenity and environmental impact acceptable to the authorities and the majority of the community).

		Response Percent	Response Count
Strongly Agree		42.0%	21
Agree		54.0%	27
Neither Agree nor Disagree		4.0%	2
Disagree		0.0%	0
Strongly Disagree		0.0%	0
		answered question	50
		skipped question	0

13. Your household supports the use of community biomass (e.g. wood fuel) renewable energy project(s) where economically and technically viable (assuming loss of visual amenity and environmental impact acceptable to the authorities and the majority of the community).

		Response Percent	Response Count
Strongly Agree		32.0%	16
Agree		54.0%	27
Neither Agree nor Disagree		12.0%	6
Disagree		0.0%	0
Strongly Disagree		2.0%	1
		answered question	50
		skipped question	0

14. Your household supports the use of community solar power renewable energy project(s) where economically and technically viable (assuming loss of visual amenity and environmental impact acceptable to the authorities and the majority of the community).

		Response Percent	Response Count
Strongly Agree		36.0%	18
Agree		42.0%	21
Neither Agree nor Disagree		20.0%	10
Disagree		0.0%	0
Strongly Disagree		2.0%	1
		answered question	50
		skipped question	0

15. Your household would support the distribution of surplus funds from community renewable energy project(s), within the local community to reduce its carbon footprint. Some examples of initiatives developed by other communities include: 1. Provision of a free energy survey to householders. 2. Provision of subsidised insulataion for householders. 3. Provision of subsidies to install more efficient heating.

		Response Percent	Response Count
Strongly Agree		38.0%	19
Agree		52.0%	26
Neither Agree nor Disagree		10.0%	5
Disagree		0.0%	0
Strongly Disagree		0.0%	0
		answered question	50
		skipped question	0

16. Your household would support the distribution of surplus funds from community renewable energy project(s) to sponsor educational projects in local schools or further/higher education scholarships.

		Response Percent	Response Count
Strongly Agree		28.0%	14
Agree		38.0%	19
Neither Agree nor Disagree		22.0%	11
Disagree		6.0%	3
Strongly Disagree		6.0%	3
		answered question	50
		skipped question	0

17. Your household would support the distribution of surplus funds from community renewable energy project(s) to sponsor other projects in the community.

		Response Percent	Response Count
Strongly Agree		32.0%	16
Agree		46.0%	23
Neither Agree nor Disagree		16.0%	8
Disagree		2.0%	1
Strongly Disagree		4.0%	2
		answered question	50
		skipped question	0
