* The Botanical Society of the British Isles instigated plant surveys throughout Britain based on each 10 kilometre square of the Ordnance Survey National Grid. The survey cards marked Glen Moss Kilmacolm Grid Ref. 26369697 cover a larger area than the boundary of the present S.S.S.I. and therefore include species found in the mature woodland and heaths which surround Glen Moss.

Plants seen at or near Glen Moss recorded in 'Kilmacolm : a parish history'
(2nd edition 1908) by the Rev. James Murray, Kilmacolm.
