K9OM was entering the SOAB section but was disqualified for rule infringement US stations must use correct call or suffix for area of operation.

Contestant's comments:-

WO6M, Dan Ducey, Despite miserable solar conditions and stormy local weather, this was fun. Look forward to next year.

VE3FJB, Len Morris, Bands sucked large.

7N2UQC, Takahiro Kumai, I was able to enjoy this contest.tnx for a fine contest again.

AF4RK, John Dalnes, Used my new Flex 1500 with FT100D transmitting. Excellent combo!

DL5KUD, Jo. Zillmann, Propagation nearly disaster, even for my low power and dipole until Sunday afternoon. A moderate magnet storm of long duration killed the hope of wide opening on 10m absolutely nothing 80 and 40 no DX.

F5PHW, Berger, Had fun with my new K3 and new QYH.

F5RD, Bernard Jamet, I took part about 20 hours in this contest. It seems to me that the propagation was not so good as the last weeks. Here, 10 m remained closed during all the contest. Thanks to all who worked me.

G3LDI, Roger J. Cooke, Propagation pretty awful. If this is the peak, I'm not looking forward to the trough! I don't think I have enough years left to wait for the next peak!! Thanks all for the qs.

G6CSY, Graeme Caselton, Very bad local 5/9+20db pulsing QRM from 40m through 10m! Gave away a few points. Lots of stations not hearing my QRP calls. Nothing heard on 15m/10m.

IK5ZTT, Paolo Barsotti, Good contest. Propagation up and down.

JA2AXB, Haruo Matsukaze, Thanks nice contest.

JA2IXS, Kanji Oomura, Thanks nice contest

JA9LX, Kenji Nozue, This contest was in good conditions so that I could enjoy the wonderful contest.

JE0IBO, Takahiro Kasuya, I enjoyed the contest!!

JE1GZB, Hirofumi Chiba, I enjoyed the contest.

JG8IBY, Yoshiaki Nabeya, Thanks for a enjoy contest!! I will be back next year.

KC9QOJ, Chris Pollnow, 1st time in a RTTY contest. Family home all weekend and conditions not all that great, but had a lot of fun.

N2FF, Frank Fallon, Probably the worst conditions every in any contest. The curse of St. Patrick's day. I always find it hard to get into this contests as it usually conflicts with my St. Patrick's day plans but this year my wife and I decided, despite great weather, not to attend the parade on fifth avenue some 15 air miles to the west of us. But alas, absorption and slow QSB drove us to drink so we operated only some five hours total. Just enough to get us past 100 Q's there were 2 or 3 contacts that I had to bail out on - sorry guys - as they just went down into the QSB and never came up. That was a first for me. With 1200 watts out and a 3 element quad it was still very hard to make contacts. I guess you could say conditions drove me to drink.

N6HE, Ray Day, Ugh, what crummy conditions... And me with low wire antennas! Wait till next year!!!!

N7ESU, Jim Monroe, nice contest

NX8G/5, Rex Simmons, Operated from my winter home in Franklinton, la. I don't like using the UTC time in the exchange because it is difficult to enter into the transmitted exchange of my logging software, ham radio deluxe. Therefore I didn't participate as much as I might have with a different exchange.

PD7BZ, Bernard Zuidema, TNX for the nice contest. Propagation was not very good!

SV0XCC/9, Willekens Paul, Thanks for nice contest, 73 from Crete Island

TF3AM, Andres Thorarinsson, Great fun. Thanks for organizing this great event.

TF3AO, Seli Oskarsson, This one was difficult. Due to the solar influence last week the bands were in no shape. Sorry for my repeated request for number and time, but at times I had really a difficulty receiving details. Sometimes I really had to give up. Hope to work you in the next contest.

VA7HZ, Ron Brown, This was my first RTTY contest using new Flex5K. It took me awhile to get things setup and functioning the way I was used to doing things. By Sunday I was starting to get into a rhythm. Next time I will be better practised and have more time to dedicate to operating. It was fun though. My biggest surprise was how dead the bands were at times.

VE7BSM, Bruce Light, Band very very poor.

VE7CF, Jack Wiebe, Unfortunately, propagation to/from VE7 was virtually non-existent for much of the contest time. As a result the enthusiasm was just not there which is too bad as this is one of my favourite contests. Thanks to all who I did manage to work.

W4UK, Jerry Flanders, Crummy conditions. Wire dipoles only.

WA2PNI, Tom Magarelli, First BARTG RTTY contest had lots of fun.

WB5NHL, David Kjellquist, Poor propagation, operations were limited to 20 & 15 meters.

YT2PFR, Rayce, Very nice contest.

G3VMY, Edward Searle, QSB on all bands.

HZ1PS, Peter Saunders, Well, had to really work in this one. Conditions not what you would call outstanding. I made the decision to enter SOAB 6 hour because of work and other commitments - so ran in two split sessions of close to 3 hours each with one session Saturday and the other Sunday. Thanks to all for the QSO's and to BARTG for sponsoring.

IV3BCA, Paolo Bressan, TNX FER 6 hours contest.

JJ1KZZ, Makoto Komuro, I enjoyed my 1st BARTG RTTY (spring) contest.

JR2AAN/2, Yasuji Uchida, I participated at mobile car shack from Iwakura-city Aichi-pref.

PE2K, Adriaan Victor, It was a very nice contest with some nice dx too.

WO6M, Dan Ducey, Despite miserable solar conditions and stormy local weather this was fun. Look forward to next year.

JA1HFY, Eiichi Muyauchi, This contest was in good condition, so that I could enjoy the wonderful contest.

M0VAA, Gerry Mcgowan, Found it hard going this year and was not able to work full hours. Nothing heard on 10m.

YO5BYV, Iuhasz Attila Francisc, Thanks for a nice contest! I will be back next year.

JF1PYJ, Yasutaka Minami, I enjoyed the BARTG spring contest. I can do many QSOs with DX station.

ZC4LI, Steve Hodgson, Thanks to all concerned in running the contest.

DV1/JO7KMB, Mac Kumakura, QRV from Makati City, Metro Manila Philippines.

G6NHU, Keith Maton, HF conditions were terrible. Signals were weak, the band was noisy. I'd planned to operate until after dusk on Sunday but the band was so bad that I gave up early. I enjoyed what I did but the poor conditions made it a chore.

VE3TL, Serge Valchuk, Thank you! All QSO on a wire antenna on the balcony, 22nd floor in midtown Toronto.

G3LHJ, Derrick Webber, Good fun enjoyed the contest - condxs could have been better.

I4JEE, Magnanini Mauro, The propagation was not the best, at least 40 meters. Other contest (SSB and CW) have caused much trouble. The portion reserved for RTTY band was occupied by emissions of om SSB chatter but total a good contest.

Contest Manager's Comments

Apologies to all who entered for the long delay in getting this contest scored which was solely down to me having too many other commitments both family and work preventing me getting the logs ready for scoring. My New Year's resolution for 2013 is not to let that happen again.

Thanks go to John Barber GW4SKA for scoring this contest in just under 24 hours after receiving the processed logs.

2156 stations took part in this contest and over 100,000 QSOs were submitted in logs even with such bad conditions.

I hope to see you in our next BARTG SPRINT (45 baud) Contest on 26-27 January 2013 and our BARTG HF RTTY Contest on 16-18 March 2013 and our BARTG SPRINT-75 Contest on 28 April and 22 September 2013.

Arthur Bard G1XKZ
BARTG Contest Manager
