

and Simon & friends are still enjoying horse riding as much as ever.

At the same time however, we are still getting to enjoy our relaxation sessions and sensory time and go out in the cars for runs when it's a nice day.

We chose to keep going to our social club over the holidays as we could then still meet our friends, take part in games and be creative by making calendars for the new year and also helped us to make decisions about the type of things we would like to do when the weather improves like growing our own plants, having another outing and maybe a barbeque or two.

It will also soon be time when we decide where we would like to go on our annual residents' holiday this year!!
