### **New Social Activities**

We have lots of placements and social outings that the staff takes us to. We have recently started going to our new V.I.P Day placement at the Dunbar Centre once a month. We can sit and have a brew and chat to friends. We are never short of things to do.

We hope that the New Year has been a good for everyone as it has been for us. We better not tell you everything we have been doing as we will have a lot more to update you on in the next Newsletter. We only have a few final words to say about the staff.

### **Staff**
