

As London hosted the 2012 Olympics, we held our own celebrations at the social club to celebrate all the athletes winning. In the lead up to the Olympics starting we all got involved in our own way. Some of our friends from another care home held an open day which we went along too. Some of us had the chance to hold an Olympic Flame. We also watched it pass through the streets of Inverness. We also ventured out to Rockness for a short while to listen to the music.
