For nearly two decades Grace & Light has remained true to the founding vision God entrusted to us. However, we are yet to see one aspect of that vision realised: *growth*. God has given us grace to do things others are not doing: pray

that in 2022 he will lead us to do these on a greater scale, so that we lead more people into the fullness of the Gospel and the righteousness it brings.

Thurs 30 December

The factor that limits growth is *funding*: pray that God will help us grow our funding in 2022, adding both to the core funding of everyday activity through standing orders and to the additional funding needed for various activities as well as building in support of these.

Exactly one month ago there was a call by the ministry for Solemn Assembly in the city of Jos, Nigeria, where Christians wore sackcloth and ashes in repentance for our sins so that God will intervene and bring a solution to our unending
