West Wits MLI (Proprietary) Limited (West Wits) is proposing to establish a mining operation in an area located south of Roodepoort and to the north of Soweto in the City of Johannesburg Metropolitan Municipality, Gauteng. West Wits has re-applied for a mining right in terms of the Mineral and Petroleum Resources Development Act (Act No. 28 of 2002) (MPRDA) for gold, uranium and silver over various portions of the farms Glen Lea 228 IQ, Perdekraal 226 IQ, Rand Glen 229 IQ, Dobsonville 386 IQ, Doornkop 239 IQ, Fleurhof Township, Roodepoort 236 IQ, Roodepoort 237 IQ, Uitval 677 IQ, Vlaktefontein 233 IQ, Vlaktefontein 238 IQ, Witpoortjie 245 IQ, Vogelstruisfontein 231 IQ, Vogelstruisfontein 233 IQ, Soweto 387 IQ, Klipspruit 298 IQ, Klipriviersoog 299 IQ, Durban Roodepoort Deep 641 IQ, Bram Fischerville 663 IQ, Bram Fischerville 649 IQ and Tshekisho 710 IQ. The northern section of the project area would be crossed by the R41 (Mainreef/Randfontein) provincial road, with the R24 (Albertina Sisulu/Hamberg) provincial road running along the northern boundary of the project area.

West Wits currently holds a prospecting right (GP 30/5/1/1/2/10035 PR) over the above farms. The prospecting right (MPT No. 29/2016) was ceded from Mintails SA Soweto Cluster (Proprietary) Limited to West Wits. Consent for the transfer of the prospecting right in terms of Section 11(2) of the MPRDA was granted by the DMR in 2018.

In broad terms, the proposed project would involve the short-term development of five open pit mining areas (the Mona Lisa Bird Reef Pit, Roodepoort Main Reef Pit, Rugby Club Main Reef Pit, 11 Shaft Main Reef Pit and Kimberley Reef East Pit) and refurbishment of two existing mine infrastructure complexes (the Bird Reef Central Infrastructure Complex and Kimberley Reef East Infrastructure Complex) which will be used to access the existing underground mine workings. The project would also include the establishment of run of mine ore stockpiles, topsoil stockpiles and waste rock dumps as well as supporting infrastructure including material storage and handling facilities (for fuel, lubricants, general and hazardous substances), general and hazardous waste management facilities, sewage management facilities, water management infrastructure, communication and lighting facilities, centralised and satellite offices, workshops, washbays, stores, change houses, lamprooms, vent fans and security facilities.

West Wits has re-applied for a mining right in terms of the Mineral and Petroleum Resources Development Act (Act No. 28 of 2002) (MPRDA) for gold, uranium and silver over various portions of the farms Glen Lea 228 IQ, Perdekraal 226 IQ, Rand Glen 229 IQ, Dobsonville 386 IQ, Doornkop 239 IQ, Fleurhof Township, Roodepoort 236 IQ, Roodepoort 237 IQ, Uitval 677 IQ, Vlaktefontein 233 IQ, Vlaktefontein 238 IQ, Witpoortjie 245 IQ, Vogelstruisfontein 231 IQ, Vogelstruisfontein 233 IQ, Soweto 387 IQ, Klipspruit 298 IQ, Klipriviersoog 299 IQ, Durban Roodepoort Deep 641 IQ, Bram Fischerville 663 IQ, Bram Fischerville 649 IQ and Tshekisho 710 IQ. The northern section of the project area would be crossed by the R41 (Mainreef/Randfontein) provincial road, with the R24 (Albertina Sisulu/Hamberg) provincial road running along the northern boundary of the project area.

West Wits currently holds a prospecting right (GP 30/5/1/1/2/10035 PR) over the above farms. The prospecting right (MPT No. 29/2016) was ceded from Mintails SA Soweto Cluster (Proprietary) Limited to West Wits. Consent for the transfer of the prospecting right in terms of Section 11(2) of the MPRDA was granted by the DMR in 2018.

In broad terms, the proposed project would involve the short-term development of five open pit mining areas (the Mona Lisa Bird Reef Pit, Roodepoort Main Reef Pit, Rugby Club Main Reef Pit, 11 Shaft Main Reef Pit and Kimberley Reef East Pit) and refurbishment of two existing mine infrastructure complexes (the Bird Reef Central Infrastructure Complex and Kimberley Reef East Infrastructure Complex) which will be used to access the existing underground mine workings. The project would also include the establishment of run of mine ore stockpiles, topsoil stockpiles and waste rock dumps as well as supporting infrastructure including material storage and handling facilities (for fuel, lubricants, general and hazardous substances), general and hazardous waste management facilities, sewage management facilities, water management infrastructure, communication and lighting facilities, centralised and satellite offices, workshops, washbays, stores, change houses, lamprooms, vent fans and security facilities.

Justice for women and kids

By LETHABO KHAMBULE
SINCE the beginning of the year, 217 life sentences have been handed down to those guilty of violent crimes against women and children across Mzansi. This was revealed by the police ministry this week. Crimes against women and children included murder, rape and child pornography. Minister Bheki Cele has declared that the safety of women and children should be a policing focus this year. “Police are prioritising crimes against women and children while doing everything in their power to sensitise communities about paedophiles and other sexual offenders lurking in our communities,” Cele told the People’s Paper. The police also warned parents and guardians of children to report crimes committed against their kids. This comes after a 29-year-old mum was sentenced to life imprisonment in April for failing to report and identify the person responsible for raping her child in Soweto. Cele said it was time for the

criminal justice system to deal decisively with those responsible for gender-based crimes. Family violence, child protection and sexual offences units have been working with the visible policing and social crime prevention units to conduct awareness campaigns throughout the year. They have been visiting schools and communities to educate citizens about kids’ safety, cybercrime and pornography. National police commissioner General Khehla Sitole has commended members of the unit for working hard to make sure criminals are brought to justice and that causes of crime are dealt with. Among the cases that were successfully prosecuted were: ■ In May, a 47-year-old man in Brits, North West, was sentenced to eight life sentences for raping three kids aged between nine and 11. One of the kids was his niece, whom he made pregnant. ■ In Bellville, Cape Town, a man found guilty of rape, sexual assault and child porn was sentenced to life in prison.

JUST a day after the official handover of Bokamoso Social housing project, they have been vandalised. This was after threats made by disgruntled back yard dwellers, who wanted to move in by force on Wednesday. A group of 50 people allegedly burned five units and vandalised 30 units at the site.

No injuries were reported except for a pregnant woman who fell from a wall while trying to flee the scene. Mayor Herman Mashaba said: “I appeal to communities to raise their concerns in a manner that doesn’t infringe on the rights of others.” One of the tenants, Sibongile Xaba (39), was happy to receive keys to her new home yesterday. She said she was happy because she would now live in a bigger place and her 16-year-old son would have his own room. But scores of residents from Freedom

Park protested and demanded to know if the people moving into the new flats were from their kasi. Resident Scebis Masondo said: “We’ve been engaging with the Joburg Social Housing Company. We want the majority of people who occupy the flats to be from Freedom Park.” He said if the company didn’t want them to move in, they should take the flats to the city where they will be occupied by foreigners. Mashaba said South Africans should get first preference. He asked the company and the housing department to do an audit of the occupants of the properties.
