F-SECURE SAFE

Internet security for all devices

VIRUS PROTECTION
SAFE is advanced, easy-to-use protection for you and your whole family. Effective antivirus keeps your devices safe from viruses, trojans, ransomware, adware, keyloggers, spyware, and other malware.

RANSOMWARE PROTECTION
Ransomware encrypts your files and demands ransom, and it’s a problem you don’t want to face. SAFE monitors your important folders and blocks ransomware from encrypting them.

BROWSING AND BANKING PROTECTION
Browsing protection keeps you safe from harmful and dangerous web pages to ensure your security and privacy. Banking protection lets you know when you enter a safe banking site and secures the connection to the site.

FAMILY PROTECTION
Protect your kids’ online safety with F-Secure SAFE’s extensive parental control feature Family rules. Set screen time limits and block access to websites based on the site content: adult, violence, shopping, gambling, social media, etc.

TECHNICAL DETAILS
Supported platforms:
- Windows 7 (SP1), Windows 8.1, Windows 10
- ARM-based tablets are not supported.
- macOS 10.14 (Mojave) or later
- iOS 11 or later, Android 5.0 or later

Internet connection to validate your subscription and to receive updates.

Check www.f-secure.com/safe for the latest technical details.
F-SECURE FREEDOME VPN
Secure and anonymous surfing

WI-FI SECURITY
A hacker in the same public Wifi can see everything you do on the internet. FREEDOME encrypts all your traffic so you can’t be spied on. Protect your privacy and FREEDOME connect to any hotspot, wherever you are.

CHANGE YOUR VIRTUAL LOCATION
FREEDOME lets you appear as if you were in another country. Change your virtual location to increase your privacy and access more websites not available in your country. You can also watch online TV from your home country even when you are abroad.

PRIVACY PROTECTION
Through hiding your IP address, encrypting your connection, blocking trackers and harmful websites, FREEDOME is a true powerhouse for privacy protection.

BROWSING PROTECTION
FREEDOME’s browsing protection function warns you when entering potentially harmful websites. This ensures that you shop and surf safely online.

TECHNICAL DETAILS
Supported platforms:
- Windows 7 (SP1), Windows 8.1, Windows 10
- Arm-based tablets are not supported.

*Remote Parental control management not included
For over 30 years, Finnish cyber security company F-Secure has worked tirelessly to help people use their devices without having to worry about malware and other threats. A lot has changed since we started in 1988, and the world and our lives have become more digital than ever. People no longer need to protect just their devices, but money, homes and even their identities online. Doing this can be overwhelming, which is why we want to protect you so you can focus on things that matter.

F-Secure takes pride in securing both people and businesses we are trusted by tens of thousands of companies, including leading airlines and financial institutions. We give you the same world class security as we do to companies, and you can count on us to always watch your back.
