# F-Secure SENSE

## The missing piece of your connected home

If they call it smart, it's also vulnerable. Every new device in our home network is a potential back door into our digital lives, since most new connected things aren't designed to be secure. SENSE protects everything connected in your home, from desktop computers and phones to smart TVs and baby monitors. Its IoT security technology senses traffic from connected devices to provide extra protection against IoT threats.

# Three-layer protection

F-Secure SENSE is the combination of a security router, an advanced security app and industry-leading cloud protection. SENSE easily secures every connected thing in your home using one device, now and in the future.

## SECURITY ROUTER

The SENSE router secures your entire home network, protecting every connected thing from online threats.

## SECURE APP

The SENSE app both manages your home network and protects your devices, even on the go.

## CLOUD PROTECTION

Our industry-leading security cloud monitors your network for threats in real time.

Extra security functions are available on  
Windows 7 (SP1) and later (32 and 64 bit),  
Android and macOS 10.10 or later.

#### AVAILABLE LANGUAGE

English

Specifications are subject to change without notice.  
Indoor use only.

### Hardware specification

<b>WLAN</b>	IEEE 802.11a/b/g/n/ac 2.4GHz, 5GHz, AC 1750
<b>Antenna</b>	4 × internal
<b>USB</b>	1 × USB 3.0
<b>WAN</b>	1 × RJ45 Ethernet 10/100/1000 Mbps
<b>LAN</b>	3 × RJ45 Ethernet 10/100/1000 Mbps
<b>Bluetooth</b>	BT 4.0 & BT LE
<b>CPU</b>	1 GHz Dual-core
<b>RAM</b>	512 MB DDR3
<b>FLASH</b>	1 GB
<b>Notifications</b>	LED display
<b>Power</b>	DC: 12V 2A, AC: 110-240V, 50/60Hz 0.8A max.
<b>Dimensions</b>	ca. 217 × 125 × 90 mm (8.54 × 4.88 × 3.54 in)
