History 2

I can say who Henry 8th was.

I can tell you his life including: when he was born and when he died, how long he reined for and how his size was dramatically different to people of the time.

H: I can describe significant individuals from the past.

I can write, talk and draw things about the past.

I am beginning to use historical vocabulary in my work

What sports did I like?

What did I make in England?

What did I do to 2 of my wives?
