History

I can say whom Elizabeth I was.

I can tell you about her life including: when she was born, when she died, how long her rein was, and who her parents were.

I know that Elizabeth I did not get married or have any children

H: I am beginning to use historical vocabulary in my work

I can write, talk and draw things about the past.

I can describe significant individuals from the past

How long did I reign?

Did I ever get married?

Where am I buried?
