

Home working ideas to support transition

Here are a list of activities that have been put together for primary schools across Sandwell to aid in the transition of children from year 6 to year 7.

Primary Ideas to support transition from year 6 to year 7
<i>#ThisIsMe</i>
1. What do you want to know/ Can you ask any questions that children in your new secondary school can answer? Would you ask teachers a different question?
2. Plan your journey to school, can you draw a map to help you in the future?
3. Plan your journey to your new school. If you are not able to get a lift, how will you get there? Will you need to use public transport? Can you check the timetables and plan your timings?
4. Check my knowledge! Can you show off? Can you create a poster/piece of writing/song etc to show your new teachers how much you already know about your favourite subject?
5. What has been the best things about being at your primary school? Write a letter/draw a picture to tell your teacher/Headteacher what you will miss.
6. What are you looking forward to? Again, to your old school, or your new! What are you most excited about? It is a very exciting time even though there are lots of questions. A new start is always exciting, if a little bit scary!
7. Write a letter to your new Headteacher. Tell her/him why you will be an asset to their school.
