

Homework

Week 10

Friday 19th November 2021

Project –

This half term's project is be about MAPS. You might like to research answers questions such as... What can you find out about maps? How are they used? How are they made? Who uses maps and why? How useful are map? What different types of maps are there? Etc

You can learn lots about maps and then present your research to me in a creative format. Please remember that you need to work on this for a few weeks and what you hand in should reflect this please. I will present a prize to the most interesting project handed in and will be asking other teachers to judge them.

FAB IDEA OF THE WEEK – Make a pirate map!

Reading

You are expected to read your reading books for 10 minutes each night please. When they need changing, please let us know as you will not be heard read every day. Please record what you read in your reading record. You are allowed to write in it! Thank you.

Spellings

Please practise the spelling for your group. If you cannot remember your group, please check with your teacher.

Red Group	Yellow Group	Blue Group
One	Heard	Naughty
Once	Heart	Notice
Ask	Height	Occasion
Friend	History	Occasionally
School	Imagine	Often
Put	Increase	Opposite
Push	Important	Ordinary
Pull	Interest	Particular
Full	Island	Peculiar
our	knowledge	Perhaps

There will be a spelling test on Friday 26th November 2021

Times tables:

Please practise the tables set below and go onto TTRS as much as you can during the week. It is really important to learn your times tables and there will be a National Test in June for them. The pass rate is 100% (25/25) so we need to work hard on these.

I will be checking how much you access TTRS. Please note that the passwords have not changed. Your TTRS tables match your test below.

Year 4 beat year 3 again this week! Whoo Hoo! If we win again, there will be rewards for those who have joined in the tournament. The top three players of year 4 will get a gold card.

Group A	Group B	Group C	Group D
10x tables X5 tables	8x tables 7x tables	8x tables 7x tables	All tables to 13x13 And divisions Mixed questions in test.

There will be a test on these on Friday 26th November 2021

There will be 15 questions (multiplication and division) and only 6 seconds to write down an answer to the question read out. You might like to practise the test at home before the real one. You will then know where you are going wrong and getting them right.
