

Can you make it through the multiple maze? Start on the shapes. From the diamond you will need to COUNT ON in **multiples of two** and from the circle you will need to COUNT BACK in **multiples of two**.

$2 \times 10 = 20$   
 $20 \div 10 = 2$

Can you make it through the multiple maze? Start on the shapes. From the diamond you will need to COUNT ON in multiples of two (up to 40!) and from the circle you will need to COUNT BACK in multiples of two (from 40!). Good luck!
