

# WALT – I interact with War Poems.

## Poetry

We are spending a few lessons looking at and interacting with poems to help us in a few lessons write our own.

- 
- Today you are going to look at a poem called Airmen. However the order of the poem has been muddled up. I would like you to have a go at putting it back in order. You probably will not get the order exact, however put it in an order that you are happy with and that you think makes sense as a poem.

- 
- You will find the muddled up poem worksheet.
  - Once you are happy with your order you can then read the actual poem. How close was the order you decided on compared to the real one?
