Re : I.T. Help for W.I.C.H.

Dear Mr Campbell,

The staff and pupils of your I.T. dept. have been helping our group with a banner, brochure, letterhead etc. for our fund raising events and also providing us with I.T. lessons.

We wish to convey our thanks to them for all their hard work and dedication, they have been so enthusiastic, and really have come up with some wonderful ideas for us.

Mrs McDonnell and staff have been patience itself even though they have been so busy with school work they have supported us. Please convey our thanks to all concerned they are a wonderful example of support in the community.

Edward Dooley, Dylan Spencer and all the pupils are so polite, helpful and are going to be an asset to the working world.

Once again thank you for all your help.

Yours Sincerely,

*Sheila Bennett*
